And the Farmers will Have Twine to Bind Their Wheat.  
WASHINGTON, March 10.—Secretary Bryan announced today that an agreement was about to be reached whereby the exportation of sisal hemp from Progress would be assured. Sisal is used extensively in making binder twine. The embargo on it was considered to preclude a serious situation in the United States, because there was no other visible supply adequate for the summer harvest.

DAND ORIGINALLY BOUGHT FROM INDIANS FOR A DOG, GUN AND SOME RUM.  
NEW YORK, March 10.—Under a long-term lease with a purchase option, Clarence H. Mackay, president of the Commercial Cable Company, it was announced today, had come into possession of Gardiner's Island, consisting of 369 acres, off the easterly end of Long Island, which he will use as a shooting preserve.  
The island has been in the possession of the Gardiner family since 1823.  
"One large black dog, one gun, some powder and shot, some rum and a few Dutch blankets the value of \$5," was the price originally paid for the island, according to records, by Lyon Gardiner, who made the deal with Wyandott, chief of the Manhettans of Long Island.  
It is figured today that the island is worth \$10,000.

**MAY CHANGE HIS POLICY.**  
Wilson Tired of the "Manana."  
Three Questions with but a Single Answer—Intervention in Mexico.  
Daniels Makes it Clear that the American Navy is Ready for Action.  
But Some Time Ago it Might Have been Easier for Our Army.

**BY JOHN GALLAN O'LAUGHAN.**  
WASHINGTON BUREAU OF THE TIMES, March 10.—Here are the three salient points in the peremptory note sent by Secretary Bryan to Gen. Carranza:  
(1) The United States emphatically repudiates the action of the Constitutional forces under Gen. Obregon "in preying upon a starving city."  
(2) The "patience of the United States" is nearing exhaustion as a result of the conditions which prevail in Mexico City, and elsewhere throughout the republic.  
(3) The United States will hold Gen. Carranza and Gen. Obregon "personally responsible for the murder or injury of any American citizen and for their future conduct."

**AMERICANS OUTRAGED.**  
While this note was en route to Carranza, official information reached here that several Americans had been outraged in Mexico City.  
The Swedish Minister today requested an audience with the President for the purpose of demanding immediate reparations for the murder of a Swedish subject in Mexico City.  
It is the understanding of the State Department, based upon information received from Vera Cruz, that Carranza will make a conciliatory reply to this government. He will deny that Gen. Obregon has been guilty of any excesses and will insist that in any event he and his subordinate cannot longer be held responsible since the Constitutionalists have evacuated the Mexican capital.

**CHANGE OF POLICY.**  
The State Department has guarded with the utmost care the contents of the note to Carranza, but the three points stated are accurate quotations.  
It is apparent the administration is on the eve of a change of policy of the highest importance to the country and to Mexico. Otherwise the President would not have condemned in so unmeasured terms the conduct of the Carranza forces, nor especially would he have declared that the patience of this government in dealing with the Mexicans was about at an end.

**INTERVENTION.**  
That is forcible intervention. In order to give Carranza an opportunity to reply to the American note, without apparent threat of force, Rear-Admiral Caperton, with the battleship Georgia, and the armored cruiser Washington, has been instructed to delay his departure from Guantanamo until tomorrow morning.  
But Carranza knows the admiral and the ships named are coming.  
**DANIELS'S STATEMENT.**  
Further to impress Carranza, Secretary of the Navy Daniels issued a statement in regard to the preparedness of the American fleet, as follows: "Never before in the history of our navy has a more powerful fleet been assembled for active service, maneuvers and target practice, with guns and torpedoes that based on Guantanamo, Cuba, for the last two months under the command of Rear-Admiral Fletcher, commander-in-chief of the Atlantic fleet. This force now consists of nineteen battleships and twenty destroyers with a flagship and destroyer. At Guantanamo Bay also is the cruiser squadron consisting of two armored cruisers and seven light cruisers and gunboat, the various units of which have been operating in the vicinity of Haiti, Santo Domingo and the East Coast of Mexico."

**COMMENT ON THE SITUATION.**  
The sinking by the German converted cruiser Prinz Eitel Friedrich of an American ship flying the American flag has become the subject of diplomatic exchanges between Washington and Berlin. The American government is said to view the deed as an unfriendly act, for which reparation and the honorable amendment will be demanded.  
That President Wilson has abandoned the "watchful-waiting" policy in dealing with the Mexican revolution is conceded in dispatches from Washington. Three important questions have been raised by the note sent by the Washington government to Carranza. To these questions there is said to be but one answer, and that is armed intervention.

**BELLE ISLE AS A CAMP.**  
German Prisoners Kept Busy Breaking Stones for the New Roads.  
PARIS, Feb. 25.—Belle Isle, familiar to readers of Dumas and distinguished by Sarah Bernhardt, who fixed her summer residence among its savage rocks, is now the retreat of 3000 German prisoners of war. Breaking stone for the new roads they are employed in building, keeps their appetites sharpened for the regular camp fare, eked out by ham, sausages and other delicacies received in large quantities from across the Rhine. The Alsatian prisoners are carefully separated from the others and are given regular soldiers' rations and all the privileges of French troops in barracks. Books and papers are provided for those who do not understand French are given facilities for learning it.

**BEARS BLEEDING BELGIUM'S PLEA.**  
WIFE OF ROYAL SURGEON HERE IN SEARCH OF AID.  
With heart torn over the tragic horror into which her beloved Belgium has been engulfed and seeking aid for her people's relief, Mme. de Page, distinguished woman and wife of Dr. Antoine de Page, head surgeon to the King of Belgium, arrived in Los Angeles last night to seek assistance for her suffering countrymen.  
A wreck on the Santa Fe caused a delay of several hours to her plans. Mrs. Louise N. Bennevis, of No. 523 West Adams street had invited about thirty social leaders to meet Mme. de Page yesterday afternoon, and perfect plans for her campaign, but the exclusive function was somewhat like a wedding without the bride, for the brilliant visitor did not reach town until after 8 o'clock—hours too late.

**HERMAN FRASCH DID PRETTY WELL.**  
CAME HERE POOR BOY AND DIES WORTH TWENTY-FIVE MILLIONS.  
NEW YORK, March 10.—Herman Frasch, who came here from Germany a poor boy in 1863 and who died in Paris, May 1, last, left an estate that may be worth \$25,000,000, according to a statement made to the Surrogate by State Comptroller Travis, in asking for a re-appraisal of the estate. Mr. Frasch was a chemist of the Standard Oil Company and president of the Union Sulphur Company. He owned 605 of the 2000 shares of the stock of the latter company. The Surrogate was informed that the value of the company's sulphur beds in Louisiana is constantly increasing, and that the property was assessed in 1911 at \$10,000,000. The original appraisal of the Frasch estate was \$5,560,573. A re-appraisal was ordered.

WASHINGTON, March 10.—Arrival of the German converted cruiser Prinz Eitel Friedrich at Newport News, with the announcement that during her six months' scouring of the seas as a commerce raider she had sent to the bottom one vessel which was American-owned and flew the flag of the United States, profoundly stirred official Washington.  
In the absence of a detailed story of the sinking of the American ship, William P. Frye, of the coast of South America, judgment was withheld, but there was no attempt to deny the seriousness of the incident, and it was conceded that on its face it bore the appearance of an unfriendly act upon the part of a German ship-of-war, which must result in diplomatic negotiations with the German government.

CHARACTER CERTIFICATE  
NOW BEING DRAWN  
Declaration that the General  
in Good Faith in his  
Believe Suffering at the  
Will Soon be Forwarded to  
legation.

VERA CRUZ, March 10.—The  
following is the text of Gen.  
Carranza's reply to the note of  
Secretary of State Bryan delivered by  
United States Consul Silliman:  
"Although the terms in which this  
note is worded would afford me cause  
for not answering it, it is my wish, not-  
withstanding, that my silence be not  
taken as a justification of charges  
contained in the same. I have tried  
to put aside for the moment  
responsibilities which are made to my  
personal responsibility, and looking only  
for the good of my country and for the  
benefit of the cause which the Mex-  
ican people have entrusted to me, I  
thought it my duty to answer at once."

On the other hand, in view of the  
importance of the subject discussed  
in the aforesaid note, I have thought  
myself authorized not to follow this  
time customary channels, but to ad-  
dress you (President Wilson) directly  
and to state in an earnest and em-  
phatic way that Gen. Obregon  
never has intended to incite the hun-  
gry populace of the City of Mexico to  
the use of force against the American  
consul, nor to prevent in any way the  
entrance of food supplies into Mexico  
City, but on the contrary has facili-  
tated such importations. He has not  
created willfully the distressing con-  
ditions which prevail at present in Mex-  
ico City, but has done everything in  
his power to alleviate them.

"Such a situation is the consequence  
of a painful but unavoidable state of  
war in which we are and which I en-  
tirely deplore. The first time really has  
reached Mexico City, but it has been ag-  
gravated by the conduct of the mer-  
chants and the population in general  
with concert of action closed their  
commercial establishments in mo-  
ments of greatest public distress as  
a protest against the humanitarian re-  
lief tax which Gen. Obregon imposed."

"During all this time large amounts  
of food supplies have been taken into  
Mexico City and large quantities of  
supplies have been distributed among  
the distressed people. Other impor-  
tant measures also have been taken  
looking to further relief, which I en-  
tirely deplore."

"While it is proper to state to Your  
Excellency that the right to occupy  
or to evacuate Mexico City or any  
other place in the republic must at  
all times be reserved and is to be ex-  
ercised when deemed by the respon-  
sible military authorities to be in  
furtherance of the cause of the revo-  
lution, the obligation of the Constitu-  
tion is never to safeguard fully the  
lives of foreigners in the country, and  
understood and realized. You will there-  
fore permit me to assure you that at  
the time of the evacuation of Mexico  
City every facility within my power  
will be afforded to all foreign resi-  
dents in that city to depart the coun-  
try."

# STEAM SCHOONER DAMAGED BY FIRE. LUMBER CARRIER WASHINGTON IS GUTTED AT HER DOCK IN EUREKA.

(BY A. P. NIGHT WIRE.)  
EUREKA, March 10.—A fire which  
broke out late today in the engine  
room of the steam schooner Wash-  
ington gutted the engine room, cabins  
and officers' quarters. The owners  
were unable to estimate the damage.  
The vessel will be towed to San Fran-  
cisco for repairs.

The ship was loading lumber for  
San Francisco at the Little River  
dock. First Assistant Engineer John  
Katon, who was in charge of the en-  
gine room when the fire started, was  
seriously burned about the right arm.  
The flames quickly routed the men  
before they could start the steam  
pumps, and they were forced to fight  
the fire with hand pumps and buck-  
ets until the arrival of two tugs and  
the fireboat. The latter pumped wa-  
ter into the Washington for four  
hours before extinguishing the flames.  
The fire structure was left stand-  
ing but will have to be replaced.

RAILROAD SURVEY

son today the report of the Alaskan  
Engineering Commission on its sur-  
vey of various routes for the govern-  
ment railway which will be started  
this spring to the interior of Alaska.  
Secretary Lane said negotiations  
were under way with the owners of  
the Copper River and Northwestern  
and the Alaskan Northern railroads  
to determine whether the government  
should buy one of them for a link in  
the new line.

The principal question to be decided  
by the President is whether the gov-  
ernment line shall run to the East or  
the West of Prince William Sound.  
This decision hangs largely, Secretary  
Lane said, on which part of the coal  
fields it was thought best to develop  
at this time and on the cost of con-  
struction and maintenance for the two  
routes.

RESERVE BOARD RATES.  
Three and One-half Per Cent. Fixed  
for Thirty-day Maturities, 4 Per  
Cent. for Sixty.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, March 10.—The  
Federal reserve board announced to-  
night rates of 3 1/2 per cent. on thirty-  
day maturities, and 4 per cent. on  
sixty-day maturities for commercial  
paper discounted by any Federal  
reserve bank with another. All ap-  
plications for such rediscounting must  
be filed with the reserve board and  
they will be apportioned among the  
reserve banks. No such applications  
have been made so far.

REPLY.  
VERA CRUZ, March 10.—The  
following is the text of Gen.  
Carranza's reply to the note of  
Secretary of State Bryan delivered by  
United States Consul Silliman:  
"Although the terms in which this  
note is worded would afford me cause  
for not answering it, it is my wish, not-  
withstanding, that my silence be not  
taken as a justification of charges  
contained in the same. I have tried  
to put aside for the moment  
responsibilities which are made to my  
personal responsibility, and looking only  
for the good of my country and for the  
benefit of the cause which the Mex-  
ican people have entrusted to me, I  
thought it my duty to answer at once."

On the other hand, in view of the  
importance of the subject discussed  
in the aforesaid note, I have thought  
myself authorized not to follow this  
time customary channels, but to ad-  
dress you (President Wilson) directly  
and to state in an earnest and em-  
phatic way that Gen. Obregon  
never has intended to incite the hun-  
gry populace of the City of Mexico to  
the use of force against the American  
consul, nor to prevent in any way the  
entrance of food supplies into Mexico  
City, but on the contrary has facili-  
tated such importations. He has not  
created willfully the distressing con-  
ditions which prevail at present in Mex-  
ico City, but has done everything in  
his power to alleviate them.

"Such a situation is the consequence  
of a painful but unavoidable state of  
war in which we are and which I en-  
tirely deplore. The first time really has  
reached Mexico City, but it has been ag-  
gravated by the conduct of the mer-  
chants and the population in general  
with concert of action closed their  
commercial establishments in mo-  
ments of greatest public distress as  
a protest against the humanitarian re-  
lief tax which Gen. Obregon imposed."

"During all this time large amounts  
of food supplies have been taken into  
Mexico City and large quantities of  
supplies have been distributed among  
the distressed people. Other impor-  
tant measures also have been taken  
looking to further relief, which I en-  
tirely deplore."

"While it is proper to state to Your  
Excellency that the right to occupy  
or to evacuate Mexico City or any  
other place in the republic must at  
all times be reserved and is to be ex-  
ercised when deemed by the respon-  
sible military authorities to be in  
furtherance of the cause of the revo-  
lution, the obligation of the Constitu-  
tion is never to safeguard fully the  
lives of foreigners in the country, and  
understood and realized. You will there-  
fore permit me to assure you that at  
the time of the evacuation of Mexico  
City every facility within my power  
will be afforded to all foreign resi-  
dents in that city to depart the coun-  
try."

Hundreds of "Midwinter  
Numbers" of The Times are  
still going out in the mails. It  
is the best publication extant

# PIEDRAS NEGRAS IS EVACUATED. WASHINGTON, March 10.—The State Department today gave out this statement:

"Piedras Negras was evacuated  
March 8 by the Carranza forces. Only  
a small guard was left to police  
the town until the forces of Villa ar-  
rive, which are expected on the tenth.  
It is reported that they have been  
delayed by heavy rains and the cold  
weather. The commanding officer of  
the United States troops at Eagle Pass  
has permitted the Mexican wounded  
to cross to the American side. The  
commander of the Carranza forces at  
Piedras Negras has given full assur-  
ances to the American Consul that no  
property will be destroyed and that  
order will be maintained until the en-  
try of the Villa troops."

The Washington agency of Gen.  
Villa gave out the following:  
"Piedras Negras was sacked by the  
Carranzistas before they evacuated  
the city yesterday, according to a mes-  
sage received this afternoon from the  
convention central at Eagle Pass. Se-  
rious disorders followed. Gov. Acuna  
is a refugee at Eagle Pass. The in-  
ternational bridge has been closed.  
The Carranzistas have retreated east-  
ward."

At the War Department Secretary  
Garfield made public a message from  
Col. Hodges at Eagle Pass, Texas,  
stating that sixty-one patients from  
the military hospital in Piedras Negras,  
five men nurses, five women nurses,  
one surgeon and eleven attendants  
had been permitted to cross to the  
American side, in view of the fears  
of consequences to the wounded after  
the evacuation.

The text of a decree issued by Gen.  
Carranza on September 19 last, estab-  
lishing in each district of the states  
of the republic under his control an  
assessment committee, the purpose of  
which is to realize the real estate, fix  
its value and state the amount of  
capital invested, was received at the  
State Department and made public.

KAISER HEEDS  
PLEA OF WILSON.  
(BY ATLANTIC CABLE AND DIRECT WIRE-  
LESS DISPATCH.)  
LONDON, March 10.—Sir Edward  
Grey, in a printed reply to Com-  
mander Bellefleur, says "Admiral Neill  
was one of the three retired British  
officers released from Germany since  
the outbreak of the war and it is un-  
derstood he was allowed to leave Ger-  
many as a result of personal represen-  
tations by President Wilson."

BRITISH COLLIER  
SUNK BY A MINE.  
(BY ATLANTIC CABLE AND A. P.)  
LONDON, March 11.—A wireless  
dispatch from Berlin says a report  
has been received from Rotterdam  
that the British collier Beethoven,  
bound from Newcastle for Gibraltar,  
has been sunk either by a torpedo or a  
mine. Two of the crew are said to  
have been drowned. The others were  
saved.

ROMANCE.  
M'CORMICK WEDS  
FAIR DIVORCEE.  
(BY ATLANTIC CABLE AND A. P.)  
CHICAGO, March 10.—Robert R. Mc-  
Cormick and Mrs. Amie Adams, both  
of Chicago, were married today in the  
registry of St. George's Church, Han-  
over Square, London, according to a  
telegram received by friends of the  
couple in Chicago.

The bride was the divorced wife of  
Edward S. Adams of Chicago. Mr.  
Adams made no defense to his wife's  
suit, but some months later began  
suing Mrs. Adams for divorce, al-  
leging that he had been misled and  
that by misrepresentation, had been  
induced to let the case go by default.  
Other litigation came in the wake  
of the divorce proceedings. A petition  
in bankruptcy against Mr. Adams was  
filed by R. R. McCormick, who al-  
leged that the former broker was in-  
debted to him in large sums of money.  
Mr. Adams also brought a suit against  
McCormick claiming \$100,000  
damages for alienating Mrs. Adams's  
affections.

According to the cablegram, Maj.  
McCormick acted as best man at  
the wedding, and the bride was at-  
tended by her sister, Mrs. Arthur  
Small, as matron of honor. The cer-  
emony was performed by the Rev.  
Mr. McCormick, who is one of the  
editors and publishers of the Chicago  
Tribune, went aboard as war correspond-  
ent of his paper.

CEMENT RATE LOWERED.  
Carload Tariff from Crestmore to  
Los Angeles Will be \$1.25 a Ton in  
the Future.  
(BY A. P. NIGHT WIRE.)  
SAN FRANCISCO, March 10.—The  
State Railroad Commission issued an  
order today directing the Southern  
Pacific company and the Crescent  
City Railway to reduce the joint rate  
on cement from Crestmore to Los An-  
geles to \$1.25 per ton in carload quan-  
tities.

A complaint had been filed by the  
Riverside Portland Cement company  
against the cement rates on the Salt  
Lake route, Santa Fe, Southern Pa-  
cific and the Crescent City roads. A  
reduction from \$1.50 to 70 cents per  
ton was asked.

The ruling held that the evidence  
did not justify a reduction of the  
charges on the Salt Lake and Santa  
Fe lines.

EARLY RISING  
TO SAVE OIL.  
(BY ATLANTIC CABLE AND DIRECT WIRE-  
LESS DISPATCH.)  
LONDON, March 11.—The Standard  
says in a dispatch from Copenhagen:  
"From April 1, the hands of every  
clock in Germany will be advanced  
one hour. It is estimated that one  
hour of earlier rising during the six  
summer months will amount to a  
saving of 100,000,000 gallons of petro-  
leum equivalent to the value of  
\$5,000,000. The real reason for the  
new regulation, of course, is the fact  
that petroleum stock is decreasing at  
a rate calculated to alarm the au-  
thorities."

# THAW A VICTIM OF RHEUMATISM. Prisoner is Wrapped in a Shawl and a Sweater.

Prosecution Expects to Close  
Case for State Today.

Story of His Escape will be  
Told by the Accused.

(BY A. P. NIGHT WIRE.)  
NEW YORK, March 10.—Harry  
Kendall Thaw, on trial here with five  
co-defendants for conspiring to escape  
from the State Hospital for the  
Criminal Insane at Matteawan, was  
so ill at the conclusion of the proceed-  
ings today that Justice Page, before  
whom the trial is in progress, had the  
couch in his chambers moved to the  
Tomb Prison for him to sleep upon.  
Thaw is suffering with rheumatism,  
brought on, it was said by the jail  
physician, by the draughts in his cell.  
The court denied a second request that  
he be removed to Bellevue Hospital.

While he sat in court today, listening  
to the State's witnesses tracing his  
flight from Matteawan to New  
Hampshire, Thaw had a shawl thrown  
over one shoulder and the neck of a  
heavy sweater turned up to his ears.  
Unless his illness interferes with their  
plans, Thaw's attorneys will place  
him upon the witness stand tomorrow  
to tell his own story in his own way.  
In this manner, they said, they hoped  
to show the jury that their client had  
recovered his sanity.

Nearly all the witnesses who testi-  
fied today were employees of the Mat-  
teawan Hospital, or persons who had  
seen one or both of the automobiles  
in which the escape was effected.

Each of the employees was asked  
questions designed to indicate to the  
jury that Thaw was sane at the time  
of his escape. These witnesses were  
unanimous in agreeing that Thaw's  
personal appearance was always neat,  
that his conduct was exemplary, and  
that he occupied his spare time by  
reading text-books on various sub-  
jects and current fiction.

Many of the witnesses identified one  
or more of Thaw's co-defendants and  
the men they had seen with him. One  
of the witnesses, however, identified a  
Jury as Thaw.

Franklin Kennedy, special deputy  
Attorney-General in charge of the  
prosecution, announced that the State  
would close its case tomorrow. Abra-  
ham Levy, counsel for the co-defen-  
dants, then will move to dismiss the  
case against all of his clients, upon  
the ground that the State has es-  
tablished no case against them and  
that he will offer a defense for  
five of them, divorcing, if possible,  
their case from that of Thaw.

RUSSIA GETTING  
OUT OF PERSIA.  
(BY WIRELESS AND A. P.)  
BERLIN, March 10 (by wireless to  
Sayville, L. I.)—Included in the news  
item given out today by the Overseas  
Agency are the following:  
"Constantinople reports that the  
Russians have partly evacuated Persia.  
They occupy today only Kasvin,  
Khorasan, and Masanderan."  
"Answering the British claim that  
the steam yacht which recently at-  
tacked a German submarine was an  
auxiliary war vessel, German authori-  
ties have advanced the argument that  
auxiliaries should make use of the  
British war flag, something the  
steam yacht did not do."

"German scientists have found a  
process of obtaining nitrogenous prod-  
ucts from the air. This will make pos-  
sible cheaper fertilizer than nitrates  
from Chile."  
"Russia has accepted the German  
proposal for an exchange of soldiers  
who are physically unfit for further  
military service."  
"The Bulgarian government has  
prohibited the entrance of Serbian  
railroad cars into Bulgaria and Bul-  
garia, because of the danger of  
contagious diseases."

"The Norwegian government is pre-  
paring a bill authorizing the state to  
own ships and import goods on its  
own account."

STEAMER PACIFIC  
GOES HER WAY.  
(BY ATLANTIC CABLE AND A. P.)  
LONDON, March 10.—Questioned  
in the House of Commons this after-  
noon regarding the American cotton  
ship Pacific, Dr. Thomas J. MacNa-  
mara, parliamentary secretary to the  
Admiralty, said that the vessel had  
only been detained pending the usual  
when several hundred miners gather-  
ed in order, MacNamara said, the steam-  
er was allowed to proceed. The Pa-  
cific sailed from Galveston February  
7 for Rotterdam and was detained  
for several days by the British au-  
thorities at Falmouth.

COAL STRIKE THREATENED.  
Several Thousand Coal Miners in  
Eastern Kentucky Fields Refuse to  
Accept Cut in Wages.  
(BY A. P. NIGHT WIRE.)  
PRESTONBURG (Ky.) March 10.—  
A strike of several thousand coal  
miners working in the Eastern Kentuck-  
y fields was threatened today  
when several hundred miners gather-  
ed here and voted not to accept a cut  
of 20 per cent. in wages, made by  
the Mitchell Creek Coal company. No  
union exists in the Eastern Kentucky  
fields, but it is claimed by the miners  
that a strike in this district would  
affect 90 per cent. of the coal mined  
in Kentucky.

TRENCHES STORMED  
BY THE AUSTRIANS.  
(BY ATLANTIC CABLE AND A. P.)  
VIENNA (via London) March 10,  
11:10 p.m.—The following official  
statement was issued by the War Office  
tonight:  
"In Russian Poland vigorous fight-  
ing continues."  
"In Western Galicia our troops  
have captured still more prisoners  
of Gorlice. In storming one trench  
more than 200 prisoners were taken."  
"Sighting conditions being more  
favorable yesterday, our artillery had  
an evident success in some sections  
of the Carpathian front. The line close  
to our front, which has been occupied  
by the enemy, was evacuated by him,  
owing to the flanking fire of our ar-  
tillery. The enemy sustained severe  
losses. At one position on this front we  
captured 300 prisoners and much war  
material."  
"Calm prevails in Southeast Galicia.  
North of Nadworna an attack by an  
inferior Russian force was repulsed;  
at other points several advancing Rus-  
sians were repelled, and in the pursuit  
190 men were captured."  
"Nothing has happened in Buko-  
wina recently. On the northern bank of  
the Pruth, near Chernowitz, only skim-  
ishes have occurred."

FRENCH EXPULSED  
VIA SWITZERLAND.  
(BY ATLANTIC CABLE AND A. P.)  
GENEVA (via Paris) March 10, 3  
p.m.—Thirty thousand civilian inhab-  
itants of French territory occupied  
by the Germans are being expelled  
through Switzerland in lots of 500.  
The first thousand passed through  
Geneva yesterday. They were chiefly  
from Lille and Mauthouse and con-  
sisted of very old people and chil-  
dren under 10 years. Some of the  
French children said they had often  
gone near the fighting line to get  
food. The exiles were sent across the  
French frontier by the Swiss authorities.

NEUTRALS INVEST  
IN GERMAN LOAN.  
(BY ATLANTIC CABLE AND A. P.)  
BERLIN (via London) March 10.  
—Subscriptions for the new war loan  
are being received on a considerable  
scale from the neutral countries.  
Foreign investors were virtually un-  
represented in the first war loan, but  
the low rates of German exchange  
now prevailing apparently have at-  
tracted outside capitalists.

BRITISH STOP  
THEIR OWN SHIP.  
(BY A. P. NIGHT WIRE.)  
NEW YORK, March 10.—The British  
steamer Denis, which sailed today  
for Para and other South American  
ports, was stopped off the New Jersey  
coast about eight miles southeast of  
the Highlands by a British cruiser.  
A boarding party was sent to the  
steamer. After a short time the Denis  
proceeded on her way.  
The incident occurred within sight  
of observers ashore.

No matter where a young man travels in this country he finds the best dressed young men everywhere wearing the same styles and makes of clothes we present.

**-for Young Men**

### Model 55—the 1915

MORE young men throughout the country, in college life and business activities, will wear this model than will accept any other this season.

There is a summery smart ripple to its body clinging lines, a snap you call character in the way it sets to you—a dignity and correct style that is not "long-haired."

A three-button (2 to button) semi-form-fitting sack coat. Wide blunt lapels to its soft rolling front. Regular pockets. Center vent in back. Natural padless shoulders.

The vest is collarless—a five-buttoner and athletic shoulders.

Straight hanging trousers narrow.

### LIMES TWO KINDS

Sweet and sour—each unique and both beneficial. One of the most efficacious remedies for rheumatism, while the Sweet Limes served as a salad or in a cocktail is simply superb. Delightfully aromatic. Especially fine.

**PUT CREAM IN NOSE  
AND STOP CATARRH**  
Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

**WOMEN APPEAR AS OLD  
AS THEIR HAIR**

It is astonishing to see how much good-looking hair does toward producing a youthful appearance. It is astonishing also to realize how much the attractiveness of the hair is affected by the care we give it, especially in the matter of cleansing. In washing the hair it is not advisable to use a makeshift, but always use a preparation made for shampooing only. You can enjoy the best that is only by getting a package of canthox from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.

## SENATOR WOLFE ANSWERS CRITICS

Tells Legislature His Side of the Grant Contest.

Assembly Does Even Less at the Morning Session.

One Bill Introduced to Aid California Industry.

SACRAMENTO, March 10.—A brief calendar of bills ready for final consideration was disposed of by the Senate today in half an hour, and from 11 a. m. until after 4 o'clock this afternoon the Senate was occupied with a tense interchange of speeches before a crowded chamber of listeners following the rise of Senator Wolfe of San Francisco to a question of personal privilege.

Notice that he would invoke the right of personal privilege was given by Wolfe before the legislative recess shortly after the Senate had given him the seat contested by former Senator E. B. Grant. Wolfe arose and declared that assaults had been made throughout the State upon his name and honor because he had opposed Grant and was elected in his place.

TWO BILLS APPEAR.

Two bills appeared today, the first since the recess, each member having the right to present one. One by Senator Owens provides that there shall be no restrictions of any character upon the number of apprentices to any trade or upon the choice of trades by apprentices.

"The bill is to correct an existing evil and is copied after the New Jersey law," said Owens.

Senator Scott put in a bill requiring that all windows nine feet or more above the ground must open horizontally and that they can be cleaned from the interior, unless at each window a balcony were built which would insure full safety to any window washer working on the exterior.

It was announced that the Legislature would make a special session on Saturday and Sunday into the flood districts of the Sacramento Valley to study flood control and reclamation problems at that time.

BILL PASSED.

One bill was passed this morning, a measure by Breed of Oakland, paving the way for separation of the deaf and blind inmates of the California school for the deaf and blind at Berkeley. Breed and Strobbe, who spoke for the bill, declared that it was difficult to assimilate the deaf and dumb with the blind and that

IN THE ASSEMBLY.

BUT LITTLE ACCOMPLISHED.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, March 10.—In striking contrast to the previous activity this week in passing bills and otherwise giving indication that the Legislature would not be permitted to adjourn until the end of the session, the Assembly did little today but introduced a few bills and amend the Schmitt measure requiring State bonds to patronize California manufacturers. The Meek convict labor bill and the McDonald cement container bill still retain their places on the third reading floor, but the latter, but it appeared doubtful if they would come up for a vote before early next week.

Union labor members will fight the Meek bill, which would permit convicts to engage in construction work on State highway laterals. Walter McDonald, author of the cement container bill, said he was investigating a report that State cement companies had sold their product to the government in dust-proof containers at a lower price than is paid for cement in the present type of containers. The manufacturers, it was claimed, opposed the bill, because of the heavy additional cost dust-proof containers would impose on the consumer.

Three Assembly bills requiring dealers, hotelkeepers and manufacturers of products to label imported Chinese eggs were given a public hearing tonight. Petaluma poultry raisers urged passage of the bills as a means of safeguarding the State product. Bakers claimed it would impose additional expense.

A contest over legislation concerning cemetery removal in San Francisco which focused one of the sharp fights of the 1915 session was revived tonight in a public hearing before the Senate Judiciary Committee. On one side appeared opponents of the removal of the Chinese cemetery, while on the other those who said that the time had come when the dead must give way to the living. Representatives of the Chinese cemetery owners said that \$2,000,000 could be realized from sale of the land, \$750,000 would be required for removal of the bodies, and \$1,250,000 would be devoted to the erection of a great mausoleum for reinterment, and \$500,000 to endow the building for historical purposes.

## FORCED TO SELL BY WICKERSHAM.

Ex-Attorney-General Blamed for the Espee Deal.

Krutchschnitt Throws Light on Central Pacific.

Testimony in Unmerger Suit Delves into History.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, March 10.—Testifying today in the suit of the Federal government to unmerge the Central and Southern Pacific railroads, Julius Krutchschnitt, chairman of the executive board of the Southern Pacific Company, charged that George Wickersham, former United States Attorney-General, coerced and compelled the Southern Pacific into an agreement to sell the Central Pacific to the Union Pacific Railroad for \$104,000,000.

"The Southern Pacific Company signed the agreement with the Union Pacific to sell the latter the Central Pacific at a price of \$104,000,000 under the compulsion and coercion of the Attorney-General of the United States, who threatened me with a forced sale of the line if it was not sold to the Union Pacific," said Mr. Krutchschnitt.

The California State Railroad Commission killed the deal, he said, by refusing to approve the plan.

"I went to the Attorney-General personally," continued the witness, "and protested vehemently against his action, telling him that it would destroy the Southern Pacific. His only reply was 'I am going to apply equal compulsion to the Union Pacific.'"

Asked what the dissolution of the Central and Southern Pacific railroads would cost, he replied that it would cost \$104,000,000, which would be paid to the Union Pacific by the Federal government.

(BY DIRECT WIRE.—) WASHINGTON, March 10.—The Johnson plan for the ownership of the railroads by the State of California, for the purpose of settling the controversy between the State and the railroads, has not yet been adopted by the State of California.

It is held by them that the State of California might be better off if the railroads were owned by the State, but the State of California has not yet decided whether or not to adopt the Johnson plan.

Gov. Johnson, a Bull Terrier, has been in the State of California for some time, and he has been working for the adoption of the Johnson plan. He has been in the State of California for some time, and he has been working for the adoption of the Johnson plan.

## MACBETH TAKES GOLF TROPHY.

Big Invitation Tournament at L.A.C.C.

Most of the Scores Suffered from Stage Fright.

Charley Van Loan in a Dark Conspiracy.

BY ALMA WHITTAKER.

Norman Macbeth annexed another trophy yesterday and rumor has it he is working on his second thousand. It was the occasion of the Los Angeles Country Club's invitation tournament, and he just slipped down for an early round before business.

Most of the scores were suffering from stage fright or the night before, and many a player could be seen slinking back dejectedly with cards that demanded lengthy explanations. However, Harold Lamb, the hero of the Virginia tournament, brought in a 78, and the Rev. W. H. Cornett narrowly escaped being Macbeth's 77. Satanic machinations in the fall grass at the eighteenth turning it into 79. After that, lordly rollers would blush to find themselves famous and will be grateful not to have their shame published.

SMITH'S TRIUMPH.

The thirty-two-angel flight idea worked well and only three players got in who did not belong. P. H. Smith, "Pink" Smith, was one of them. His 85 was the most dazzling of his career, somewhere nearer 92 being his gorgeous best. If there had been a handicap trophy for the qualifying round the name of Smith would once again become famous, for he boasts twelve strokes. His glory was short-lived, though, for he was put out by big Frank Hudson in the first round in the hardest match of the day—one up in twenty-one holes.

Jack Jevne was welcomed back in golf realms after his serious illness, so there was a good excuse for his imperfect score. Even so, Bob Cash only beat him by a picaninny putt on the eighteenth, at the very moment that the heavens opened and let down a young deluge, combined with two superb rainbows. There were two rainbows, as mated milk heroes will testify, but numerous players were chary of acknowledging the fact. The rain was, however, only a fearful interval, and golf was resumed in fifteen minutes.

PUTTING AT 2 A.M.

Al French's imperfections were laid to the door of H. H. Cotton—"Ham" being Hamilton Hamilton Cotton—with an indecent penchant for early rising. He raked French and Van Loan out of bed at 5 a.m.—a luxurious, be-crotoned club bed—when those gentlemen had only retired at 2 a.m. They had been practicing putting by electric light till 2:30 a.m., so as to shine with effulgence on the day. Van Loan denounces Cotton as the arch-annoy drummer. But it did not prevent both French and Van Loan winning their first-round matches in the afternoon.

French beat Judge Frederickson in a very creditable round by 2 up and 1 in the angel flight (where the judge became a fallen angel), and Van Loan beat S. C. Dunlap 1 up at the nineteenth in the fifth flight, after spending the best part of the night making apple-pie beds for all the lordly golf atoms who had taken rooms at the club for the tournament, so as to be spared any unnecessary fatigue. The fact that spiders, long-haired brushes and other disconcerting alien articles appeared in numerous beds is laid at the Van Loan door, although that worthy was spontaneously blaming Hamilton Hamilton Cotton, who appears to have been an accomplice. Yet this same Van Loan made the only three of the day on the fourth hole, a par five, and feels that that little should have made him an eligible "angel."

VETERAN GOES DOWN.

However, Craney Gartz, the hero of Santa Barbara, in beating his captain, Nate Mears again, made a two on

NO TERRORS.

The shoots of Russell had no terrors for the Tigers. In the opening stanza they holed onto his day, Wilhoit beat out a perfect bunt. Carlisle's double counted him. Hitting walked and Kane sacrificed. Risberg drew four bad balls. Purcell flew to Felch, who nailed Carlisle at the plate. The throw was a few feet wide and to make it sure Brief cut it off ten feet from the rubber and passed it to Mayer for the putout.

## ANGELS TURN ON INDIANS.

Timely Hitting by McMullen is Main Factor.

Brooks, Abstein and Metzger also Pickle Ball.

Kelly Bounces Home Run into Bleachers.

BY HARRY A. WILLIAMS.

Making it perfectly clear that the American Association is not geared up any swifter than our young and growing league, the Angels yesterday wallowed Indianapolis in that free and wholesome manner which is characteristic of the West and its hustling people.

They won by the score of 7 to 5. This leaves it 56-59 on the two-game series—an even break for California and Indiana in a baseball way.

It was cold and clammy on Tuesday, but yesterday the sun came out on time and shone on a scene of great beauty and power. The climate was great. It was everywhere and had the premises almost to itself, there being but few present to breathe it into their frothy lungs.

Each side resorted to only two pitchers, which is very unusual at this season of the year. Hughes and Ryan performed the courtesy for our side, while Mers and Pimple worked for the Marion county boys. At that, they didn't work quite as hard as their

outfielders, the Angels doing some lively hitting. They tore off an even dozen hits. Indianapolis also knocked the pill to the fence several times, and Kelly exceeded the bounds of decency and the playing field when he bounced the ball into the left field bleachers for a home run.

KEEN SURPRISE.

This was a keen surprise to Hughes, who was pitching at the time Long Tom had disposed of the first two men in the opening inning, when it happened. It was a neat drive, and looked good for three bases. Rube Ellis was busily fielding the ball when it struck a rough spot and hopped into the bleachers. Rube then calmly folded his arms, and stated that the case was out of his jurisdiction, while Kelly trotted to the plate with the plaudits of Jack Frederickson ringing in his ears. Mack fouled out, retiring the side.

This bold and masterful move on the part of Mr. Kelly did not daunt the Angels, and they came through with a loud clang and three runs in the second half. McMullen slammed Mers for a single right off the reel, stole second and chased to third on Metzger's single over second. Ellis squeezed Mac home and Metzger chased across when Abstein slashed a regular double to left. Metzger's infield hit, and a bum throw by Mitchell in trying to make a double on Mers' force out of Mers, let Bill across. Terry fled to Reilly.

OUT IN FRONT.

Singles by Brooks and McMullen and a double by Metzger yielded two more runs in the second, and put the Angels far in front. But they were not destined to remain alone in their glory, for in the third the Indians ambushed Long Tom, and came within one run of tying the count. Three runs revolved around Hughes with considerable rapidity in that inning. Scratch hits induced by Reilly and Bronkie started the trouble. Kelly fled to Ellis, who caught neatly. Bo Peep Metz then placed his frail 200 pounds behind a swing that sent the pill on a playful bee line to right center for a double. This scored Reilly and Bronkie. Bucher came up with blood in his eye and singled Bo Peep home. Crandall retired the side, hitting into a very swift double play. Fred to Zab to Bill.

Long Tom went through the fourth nicely, going thence to the clubhouse. Jack Ryan had been bellowing for work, and it was decided to humor him.

THE WIN.

Jack had hardly peeled off his

## ELEONORA SEARS IS TO START SUFFRAGETTE POLO.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN DIEGO, March 10.—Still intent on playing polo, Miss Eleonora Sears has gone to San Francisco, where she expects to form two women's teams among the smart polo set gathering there and to attend the polo of the exposition tournament in the north. In the party which left on the Owl this morning for San Francisco were Mr. and Mrs. C. R. Rumsey, Mr. and Mrs. J. Watson Webb and Mr. and Mrs. F. S. Von Stade. Mr. Rumsey and Mr. Von Stade are members of the Cooperstown four. Watson Webb is the crack left-handed player of the Long-neck club. ## RITCHIE WORKS, WELSH LOAFERS BEFORE FIGHT.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW YORK, March 10.—Ritchie and Welsh climb aboard the scale in Condit's tomorrow afternoon to see if by any chance either one must forfeit a considerable amount as a penalty for being over 135 pounds. Welsh has not worked as hard for this fight as usual. He has such supreme confidence in his ability to smother Ritchie with blows that he looks upon the bout as a joke. If ever there was a grim worker, it was

Ritchie in his last day's work before the battle that means more to him than any he ever engaged in.

"I made my mistakes in the London fight," he said, "and I won't repeat them. I let Freddie kid me out of my championship, but he'll slip on those tactics this time. I lost my head in the London fight. I was so enraged at his runaway tactics that I lost all sense of direction."

## Auto Report.

## TORREY PINES GRADE OPEN.

Road to San Diego Goes by Old Trees.

Eighty-five Miles of Boulevard on Route.

Wildfire Boulevard is in Shape Again.

The Torrey Pines grade on the coast route to San Diego was opened yesterday to motorists.

This report from the touring information department of the Automobile Club of Southern California is of special importance for visiting motorists who are contemplating a tour to the Panama-California Exposition, as it eliminates a rough detour through Garretts Canyon.

## OLD TREES.

For some months the grade has been closed while it was lowered and paved. Work has been rushed in order to open this scenic stretch to the 1915 touring parties, and here may be found the pines which are older than California's first history, and according to some, almost as old as the world.

The pines were carried by the sea from the shores of the Mediterranean to the coast of California and left on the coast just south of Del Mar, high on the cliffs above the Pacific. At Monterey there are pines similar in characteristics but of a different species, making these Southern California anomalies the wonders of the western hemisphere.

## BOULEVARD.

Motorists, according to the auto club's route and map service department, will find eighty-five miles of boulevard on the coast route to San Diego, six miles of this is continuous from twelve miles to the north of Ocean side into the city limits of San Diego.

Another long stretch leads from Los Angeles to Santa Ana. Between the two there are some miles of stiff going, say the club officials, but at least the coast road is opened, giving a round trip to the Panama-California exhibit of world-wide interest.

Another report from club headquarters states that the Wildfire boulevard road to the beach cities has been improved and opened through the Soldiers' Home, where for some time motorists have been forced to drive their cars along a short but rough detour.

## MANUAL NINTH GRADES WIN MEET.

Coch Frisch's ninth-grade track team completely swamped the McKinley intermediate runners on the Vermont institution's field yesterday afternoon. The final score stood 47 to 31, in favor of the Manual runners.

The summary: The fifty-yard dash—Won by Hershey (M. A.) Blair (M. A.) second, Bruce (M. A.) third; time, 5.4-5.6. The 100-yard dash—Won by McLaughlin (McK.) Oyle (M. A.) second, Hershey (M. A.) third; time, 10.4-10.6.

The 225-yard dash—Won by Selby Smith (M. A.) McLaughlin (McK.) second, Johnson (M. A.) third; time, 2.1-2.2.

The 440-yard dash—Won by Fratley (McK.) Hershey (M. A.) second, Standridge and Lukins, both of McKinley, tied for third; time, 1 m. 3.1-3.6. Shotput—Won by McLaughlin (McK.) Hershey (M. A.) second, Frisch (M. A.) third; distance, 34 ft. 6 in.

High jump—Won by Fratley (McK.) Carpenter (McK.) second, Oyle (M. A.) third; height, 5 ft. 1 in. Broad jump—Won by Johnson (M. A.) Bruce (M. A.) second, Oyle (M. A.) third.

Relay, four men, 330 yards—Won by Manual A.C.; time, 1 m. 48 s.

## FED INJUNCTION SUIT CONTINUED.

ATTEMPT TO BE MADE TO HAVE SINCLAIR LET KANSAS HAVE CLUB.

CHICAGO, March 10.—At the conclusion of the examination of witnesses today Judge Jesse A. Baker in the Circuit Court continued further hearing of the suit for injunction brought by the Kansas City baseball club to restrain the Federal League from transferring the Kansas City club franchise to Newark, N. J., until next Monday afternoon at 2 o'clock.

The continuing case is presented to Attorney E. E. Gates, representing the Federal League, an opportunity to confer with Harry Sinclair, who is the owner of the franchise, in an attempt to induce him to consent to operate in Kansas City this year. The effort to compromise the dispute came as a result of a conference held by representatives of both sides last night at the suggestion of Judge Baldwin.

## CAR JUMPS VENICE TRACK, INJURES LAMKIN FATALY.

Napier Racer Goes Over Embanked Turn at Rose Avenue and Washington Boulevard and Hurdles Manager of Team Twenty Feet—Jonas Sticks to His Seat and Escapes with a Few Minor Bruises.

## [SPECIAL CORRESPONDENCE.]

VENICE, March 10.—Shortly before noon today the first racing car that attempted to make the circuit of the unfinished Venice track came to grief. The car was the Napier, driven by Orville Jonas, and in the accident Clarence Lamkin, manager of the Napier racing team, sustained injuries which may result in his death. Warned that the course was not completed, Jonas and Lamkin sped around the three-mile track to the boarded turn at Rose avenue and Washington boulevard.

The car was then near the skidded. The car was then near the top of the embankment. In order to save himself, Jonas headed the car straight over the embankment and kept firmly to his seat. The momentum pitched Lamkin headlong to the ground twenty feet ahead of the car. He was unconscious when Jonas extricated himself from the car and reached the side of his mangled associate. The injured man was picked up and hurried to St. Catherine's Hospital. His injuries are internal, and up to a late hour this evening he had not regained consciousness. It is thought his injuries are concussion of the brain and the attending physicians say it will be at least two or three days before they will be able to determine whether he stands a chance to recover. Aside from the concussion, Lamkin's back was badly wrenched. Lamkin's home is at No. 2811 South San Pedro street, Los Angeles.

## INNOCENT BYSTANDER.

When the accident happened, John Gummell, a Venice carpenter, was engaged in the work of placing guard rails for the protection of cars at this turn. Gummell had no time to dodge the debris that flew when the speeding car struck the temporary straightaway and was struck and painfully injured by flying timbers.

Jonas, the driver of the car, was more fortunate. His act in throwing up the emergency brake and steering the car straight ahead over the embankment resulted in preventing the machine from turning turtle and pinning its occupants beneath it. The car landed squarely on the road below, and except for a terrible jolt and rough shaking, Jonas was not injured. The car he stands a chance to recover and was damaged considerably by fire. Mechanics worked on it throughout the afternoon and expect to have the damage repaired so the car will be in condition to participate in the initial try-outs tomorrow morning.

## FAMOUS DRIVERS.

Three famous drivers—Resta, De Palma and Restani—drove around the court this afternoon and made a minute inspection of every turn. Resta and De Palma ventured the opinion that the race would bring out a speed of at least seventy-two miles per hour. Tetziat predicted that the race would be a close one.

## SOCIETY DIANA AFTER GOAT.

To decide a wager thirty-four guests of the Maryland Hotel have chartered a special train and private boat to take them to Catalina, where one of the girls within a specified time has to shoot a wild goat.

Whether the other members of the party are trying to get around the trip to Catalina. The girls whose name is withheld, even to the other members of the party, is determined to demonstrate her ability as a goat-getter.

When the young Diana first came to Pasadena it was hard to convince her that the wild goats of Catalina were targets for the hunter, but once convinced, she declared if others could get the goats she could, too. So the trip to Catalina comes in the nature of a wager, and if the young lady succeeds in bagging her game she will probably be handsomely remembered by the others in the party.

HENDRICKS FIGURED IN FIRING OF THE GIANTS.

Was One of Seventeen Men Released in One Batch. Interesting Story of Freedman's Regime in New York—Canned Brodie in Middle of Night—Easterners Strong for Powers.

BY HARRY A. WILLIAMS.

HENDRICKS, the able manager of the Indianapolis club, entered the distinction of having been released by a major league ball club, a distinction which is a rare one in the history of the game. Hendricks, who has been in the unique history of the New York Giants under the ownership of John T. Brush, was released by the club on March 10. He was a regular baseball man, and his release was a surprise to many. He was a regular baseball man, and his release was a surprise to many. He was a regular baseball man, and his release was a surprise to many.

Every eastern baseball man who visits Los Angeles tosses a few bouquets in the direction of John Powers, president of the Los Angeles club. All of the Chicago bunch are strong for him.

Low Angeles was fortunate when it was able to absorb the talents of the Chicago White Sox, probably the best move to first and second of any team in the American League.

They are beginning to whisper it about that some of the best players in the league are being let go. The better just for the fun of catching him off first.

In one game last season but six men reached first base on him. He picked off three of these.

Not only does Scott have an exceptional record for a pitcher, but he is a first-class bluffer in this department of the game. Sometimes he will make this bluff two or three times before throwing, and then shoot the ball over for fair. At other times he will make it without throwing, being content to get the gentleman later in the day.

With Scott pitching, base-runners are at all times reminded of the uncertainties of life.

Scott points out a peculiar feature of pitching which probably is not known to the lady or gent who views the game from the grand stand.

Paradoxical as it may seem, the heavy hitters are one of the easiest to catch. The reason is that they are so big and so fast that they are liable to get into the plate looking as big as a dirigible. On the other hand, a batter who hits about .099 is liable to flatten that same slow, fat one up against the fence. I reserve my change of pace entirely for the dangerous batters. They are set for a hard blow, and the chances that they will miss a slow one are sufficient to leave a big percentage in favor of the pitcher.

The light hitter, not being poised to slug the ball, is more likely to be in a position to pick off a dinky one in and then, bingo.

That certainly sounds reasonable.

CHINESE TEAM BEATS STANFORD.

[BY A. P. NIGHT WIRE.] STANFORD UNIVERSITY, March 10.—The Chinese team of the University of Hawaii defeated the Stanford nine today, 10 to 7. Score: Stanford, 7; hits, 12; errors, 2. Batteries—Ako and Mark; Hoover and Landers.

SOX TO EAT MAIER STEAK FEED.

The Chicago club will tonight be the guests of Ed R. Maier at a steak feed. Each spring he entertains the Sox in this manner, and the players have come to regard these occasions as one of the best things connected with their sojourn on the Coast.

ANGEL PITCHING STAFF MUST BE STRENGTHENED.

IT IS too early to get a definite line on the Angels. But there is one point that seems to be fairly plain, and that is that the pitching staff will have to be strengthened.

Dillon recently was quoted as saying that he would stand pat on his present staff—Ryan, Hughes, Love, Chech and Peritt and one youngster, probably Horstman. He probably thought he was kidding somebody.

The present staff will not do. At least one more man must be added, a strong, dependable, experienced pitcher, who can work two full games a week, and win a big percentage of them. Ryan, Hughes and Chech are good men and may show later. If they do, all the better, but in the meantime the club should fortify itself with another pitcher to guard against any possible failure of some of those now on the staff.

Horstman is touted as a youngster with a world of stuff. This probably is true, but how long will it be before he learns to use it? He is touted as a second Ehmeke. He may be. Again he may not.

President Powers has been promised a pitcher from the White Sox. There is every reason to believe that he will avail himself of the opportunity.

Rain, rain, go away.

RAIN CUTS TENNIS SHORT.

MRS. ELLIS HAS DIFFICULT JOB.

Mrs. Henry has no Trouble Winning from Mrs. Bourne, but Her Game is a Bit of a Mystery.

PARADENA, March 10.—Rain interfered with play here today in the tennis matches scheduled for both the Huntington and Maryland courts, cutting short the first day's session of the second annual event of its kind held under the auspices of the Huntington Tennis Club.

But three matches had been completed, when, just as the first of the afternoon matches were in progress at 1 o'clock, a short but effective cloudburst sent the court artists scurrying for shelter.

Following the heavy thunder shower both the Huntington and Maryland courts, as well as those of the Huntington, resembled swimming tanks more than tennis courts. The committee in charge of the tournament, however, barring no further interference on the part of the erratic elements, promises that the courts will be mopped up and put in condition for tomorrow's play.

In the best match of the morning session Mrs. Walter Ellis of Hollywood defeated Miss Frances Beville of the Marlborough school after an exciting and brilliantly-contested three-set match, 6-2, 3-6, 6-2.

At the start of this match it appeared as though Mrs. Ellis would have an easy time in taking it in straight sets. The Hollywood star took the first set easy enough, 6-2. Then, with a flash of a bewildering service and some exceedingly difficult placement shots that have made her the star of the Marlborough tennis players, Miss Beville surprised the gallery by defeating Mrs. Ellis in the second set, 6-3. By winning the third set, 6-3, Mrs. Ellis took the match.

In another first-round match in the ladies' singles which was the only one that was completed, Miss Martha Charles, a guest of the Maryland, who won her way to the semifinals in the Huntington-Maryland tennis tournament last year, disposed of Mrs. Martin in two straight sets, 6-3, 6-4. Miss Charles has improved her play over that of last year.

In the final match of the day, which just narrowly escaped the flood, Mrs. W. M. Henry, whose excellent showing in the recent Virginia midwinter tournament at Long Beach was one of the sensations of that meet, had a comparatively easy time in disposing of Mrs. Bourne, 6-4, 6-1.

An exhibition match which should draw one of the largest tennis galleries of the season will be staged Saturday on the Maryland courts, when Miss Mary Browne and Claude Wayne will play Miss Florence Sutton and Nat Browne.

Schedule of play, men's singles, men's handicap singles, men's doubles.

At 9 a.m.—Barker vs. Dietrick; Brackett vs. Bowers; Erle Barker vs. Snow; Jack Charles (1/2 30) vs. Horridge (scratch).

At 10 a.m.—Dixon vs. Donley; Mace vs. Dickey; P. T. Martin (1/2 30) vs. Harnett (1/2 30).

At 11 a.m.—Harriet vs. Ferguson; Gorham and Dixon vs. Brackett and B. Barker; Donley (15) vs. Dietrick (15); Cornett (1/2 15) vs. Riddell (15).

At 1 p.m.—Adams and Horridge vs. Riddell and Ferguson; Hawks vs. Newell; Bowers and Shook vs. Donley and Taylor; Warren vs. Horridge.

At 2 p.m.—Dickey (15) vs. C. Kinney (15); Hawks (1/2 15) vs. Seale (15); Ritchie (15) vs. Morrow (15); Bryner vs. Peterson; Lestibout vs. Brent; Harriman and partner vs. Breeden and Free.

At 3 p.m.—Clever and Peterson vs.

PACIFIC COAST TRAINING CAMPS.

MCCREDIE LINING UP 1915 DUCKS.

INFIELD ALMOST CERTAIN, AND OUTFIELD IS HOLD-OVER.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.] FRESNO, March 10.—Training of the Portland Beavers has been in progress one week today, and McCredie has begun to get a fair line on the men on whom he is placing his hopes for 1915. Those players who arrived early in the season are now beginning to show the effects of their training, and McCredie has ordered all of his boarders to get down to business.

Derrick is certain of first base. There is not a shadow of a doubt but that Stump will be used on second base, while Bobby Coltrin is practically assured of a permanent position at short. With Murphy showing up rather slowly at third, it is apparent that Bobby Davis will be the regular at that position. Speas, Doane and Lober are certain of their positions in the outfield, as they showed up well last year. The question of catchers is settled. Fisher and Carisch will be the only two retained. Other backstops are being used only in practice and their heads will fall when McCredie decides to cease paying their hotel bills. With regard to the pitching staff, McCredie says that he is not ready just now to offer comment.

"I am starting out with six men of last year, and all of them are good pitchers. I intend to carry seven pitchers, and the seventh man is to be chosen from the newcomers."

CHRISTIAN MAKES OAKS TAKE HIKE.

REGULARS DEFEAT YANS IN AFT. ERNOON; ABLES GETS POUNDED.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.] PLEASANTON, March 10.—Christian called off practice this morning and took the boys on a seven-mile hike. It was a tough hike and Christian had one sweet time keeping Rozie Middleton going.

In the afternoon the Reds defeated the Yans, 4 to 0. Able pitching for the Yans, was hit freely during the five innings he worked. Speed Martin, who finished last season with the Oaks, pitched shut-out ball for the last four innings. Prough and Christian for the Reds showed mid-season form, and Prough is ready now to start the season.

Rube Gardner was the star for the Yans, and looks better every day, and the way he is hitting the ball is a caution. Just now it seems impossible to keep Rube off the regular club. Both Ness and Aleck are bothered with sore arms, so Gardner and Orest will make the trip to Oakland tomorrow in their places.

CY ROSS RELEASED BY H. WOLVERTON.

FIVE MORE HURLERS TO GO BEFORE MAY 1; THE GAME IS PLAYED.

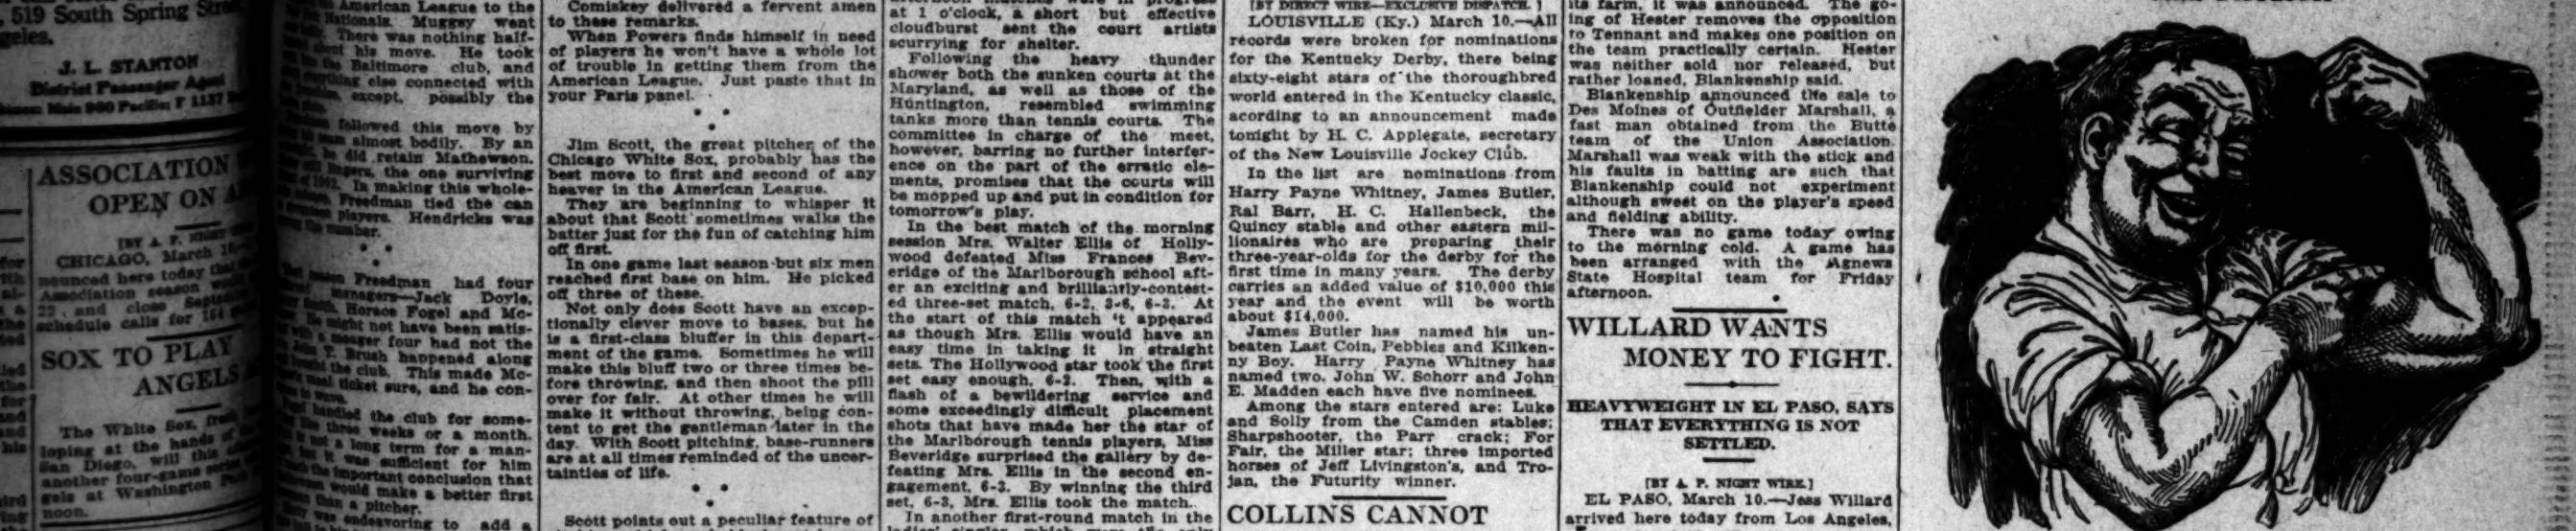

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.] NOTES SPRINGFIELD, March 10.—The San Francisco club roster is a left-handed pitcher tonight. Cy Ross has been handed his unconditional release. In turning the well-known semi-pro loose, Manager Wolverton paid the hurler the compliment of possessing a lot of stuff, but explained that he is confronted with such an abundance of pitching material that he is forced to cut down.

Even with Ross out of the running, there are eleven pitchers left, which includes Fanning, Baum, Reisel, Ross and Smith, who are reasonably certain of their jobs, and Colwell, Couch, Barham, Benham, Inman and Shader, the recruits.

Wolverton may do some further pruning before long because he has mapped out a plan to carry only six hurlers after May 1, when the regular player limit goes into effect.

There was a scheduled five-inning game this afternoon, but at the end of that time the irregulars were leading, 3 to 1, and the boss let the regulars continue the chase, which ultimately resulted in a 4-to-3 tie after ten innings of play.

Spring Time—Remember Is Blood Cleaning Time. Entire System is Clogged—Great Hordes of Germs Congest the Blood to Cause Pimples, Boils, Carbuncles, Eczema and Other Skin Diseases.

S. S. S. Gives You Backbone, Nerve Strength with Pure Vigor.

If you feel thick-headed, legs a-weary, fire easily and feel utterly used up, your blood needs a bath. It is astonishing how quickly you brace up after using S. S. S. After the long nights of winter have slowed you down, made your blood sluggish, and filled your system with the cramps, aches and acids of thick, stagnant blood you actually require the influence of S. S. S. Eczema, rash, pimples, warts, boils, and all impurities in the blood are quickly washed out by the remarkable action of S. S. S. It is in the nature of a bath for your blood. It is not a "dope," not a "phonic," there is not a drop of harmful mineral drugs. It is a far better tonic to your nerves than any "nervine" you can use because it is just as pure as the grand you would feed to an invalid. The blood takes kindly to S. S. S. It doesn't bother your stomach but it does give you strength.

There is scarcely a drug store or general store anywhere where S. S. S. is not on the shelves of the world's best and largest laboratories. It is a far better tonic to your nerves than any "nervine" you can use because it is just as pure as the grand you would feed to an invalid. The blood takes kindly to S. S. S. ### LOST FOUND STRAYED

[illegible][illegible][illegible]

THE CITY  
AND ENVIRONS.

## EVENTS BRIEFLY TOLD.

## Annual W.T.C.U. Meeting.

The Los Angeles Central W.T.C.U. will hold its annual meeting for the selection of officers and the hearing of the superintendent's report in the Temperance Temple, at 1 p.m., tomorrow.

## Rabbit to be Repeated.

Rabbit Island Myers will repeat his lecture on "Judaism Unveiled" at the First Unitarian Church, Sunday afternoon, March 14, at 3 o'clock. Rev. E. Stanton Hodgkin, pastor of the church, will preside and vocal solos will be rendered.

## Before Men's Brotherhood.

Councilman Wheeler, member of the City Council, will address the Men's Brotherhood meeting at the First Methodist Church this evening on "What the Brotherhood Should Mean to the Man on the Street." Dinner served at 6:30 p.m. John Dunham, president of the Brotherhood, will preside.

## Congressional Party.

Congressman Keener and party, including Senator McCumber of North Dakota, will be met at San Bernardino at noon today by George Fitch and Frank H. Davis of the Entertainment Committee of the Chamber of Commerce and escorted on the proposed automobile trip from San Bernardino to Santa Ana by way of this city.

## Lectures About Babies.

At the Eugene Baby Congress, now meeting in the Mozart Theater building, Dr. Tilton Coffey will lecture this afternoon on "City Welfare Stations." In the evening Dr. W. V. C. Francis will talk on "The Education of the Child for the First Twelve Months." The attention of the public is particularly directed to these lectures.

## Quint in Good Condition.

Dr. Sumner J. Quint, who, with Mrs. Quint and her sister, Mrs. Allen, was injured a few days ago when a car hit his automobile, is rapidly recovering and will soon be out. His injuries are not so serious as first appearance indicated. Mrs. Quint has fully recovered, and Mrs. Allen, while still in the hospital, is believed to have sustained no serious injury.

## After a Prize.

Only a few days remain for entries in the prize-writing contest of the 1915 General Committee. Contestants must have their letters in the office, No. 284 Chamber of Commerce building, on or before next Monday. There are fifty-four prizes ranging from \$5 to \$100 each. Rules of the contest can be obtained at the General Committee headquarters, Counterfeit Aspirin.

H. Hurwitz, manager of the Western Drug Supply Company, is authorizing for the statement that the counterfeit drug market is being flooded with spurious aceto-salicylic acid, the vital principle of aspirin, and that it is being sold under labels printed to counterfeit the genuine ones of Von Heyden of Radabell, Germany. He says further that this counterfeit drug, sold at aspirin prices, contains no aceto-salicylic acid at all, but is largely compounded of lactose.

## Death Takes Insurance Man.

Funeral services over the remains of John Henry Hitchcock, who died yesterday morning at his residence, No. 216 Edgewood road, will be conducted this afternoon at the chapel of Booth & Borsini, No. 1147 South Flower street. Rev. L. J. Adams will preach the funeral sermon, and Roland Paul will sing some special numbers. Mr. Hitchcock was 79 years of age. He came to this city twenty years ago from Topeka, and was well known here as an insurance agent. He leaves a widow and one daughter.

## Leaves Large Family.

Mrs. Denlow Loomis, a resident of this city and Santa Monica for twenty years, died at her home, No. 117 East Twenty-eighth street, at 11 p.m., Tuesday, aged 78, after an illness of two years. Mrs. Loomis leaves a widow, a son, J. E. Loomis, and three daughters, Mrs. E. B. Higgins, Mrs. W. P. Higgins, and Mrs. J. G. Kneisel. Mrs. Loomis also leaves thirteen grandchildren, and six great-grandchildren, all of this city. The funeral services will be conducted at 10 a.m., tomorrow, at the family residence, interment following at Santa Monica.

## Approve Road Bills.

Resolutions were adopted yesterday by the directors of the Chamber of Commerce approving two bills now before the Legislature, one carrying an appropriation of \$7000 to locate and survey a highway to connect this city and Antelope Valley by way of the Arroyo Seco, and the other an appropriation of \$14,000 to purchase additional right-of-way for the Lake Tahoe wagon road.

## Was Known Here Socially.

Samuel B. Raymond, wealthy retired eastern business man, who was well known here in social circles, passed away at his home, 1000 Broadway, Tuesday at the age of 65 years. Death

was due to a complication of ailments incident to old age. Mr. Raymond was the husband of Mrs. Allie May Beveridge Raymond, a sister of Philo J. Beveridge of Hollywood. Funeral services will be conducted in the eastern city on Saturday. Mr. Beveridge left for Chicago yesterday.

## At Sacramento.

President Bulla of the Chamber of Commerce named G. A. Brock, R. A. Butler, Col. W. H. Holabird, W. W. Pedder and O. K. Parker yesterday to represent the organization at the conference of Senate and Assembly committees in Sacramento Monday. One of the most important subjects that will come up will be the proposed appropriation of \$200,000 to complete a hard road from this city into the Imperial Valley.

## The Penalty.

**LOMAX GIVEN TWELVE YEARS.**

**SAN QUENTIN FOR SLAYER OF A. B. SHAW.**

Jeweler Who Shot Ex-Employee in the Back Weeps Before Sentence Is Imposed—Afterwards He Thanks Judge for Fair and Impartial Trial—Not as Revenge.

R. E. Lomax, jeweler, was sentenced to twelve years in the penitentiary at San Quentin by Judge Craig yesterday for the murder of A. B. Shaw, a former employee. Lomax cried like a baby while he waited for judgment to be pronounced. He also thanked the attorneys. Mrs. Lomax, surrounded by her five children, sat in a far corner of the room. She bowed her head while sentence was being pronounced.

After sentence, Lomax thanked Judge Craig for "the fair and an impartial trial." He declared that he thanked the attorneys. He kissed his wife and children and was taken across the bridge of signs by a deputy sheriff.

Lomax shot and killed Shaw at his Spring-street store, July 15, last. He shot Shaw in the back. He pleaded self-defense, claiming Shaw had a gun. This theory was shattered by the prosecution directed by Deputy District Attorney Shanan and Keyes.

Attorney Dominguez asked for clemency. He declared that society does not want the blood of a fellow member. "Neither does the conscience of the people demand that a man be confined for a long period for revenge."

Judge Craig said: "If a long sentence would be of any value to Mrs. Shaw I would be justified in inflicting the maximum penalty. To you, Lomax, I say not pity to yourself, but profit by your imprisonment."

## TO STRENGTHEN RELATIONS.

Local Association Publishes Magazine Devoted to Latin American Trade Interests.

Extending the wish for a better understanding of mutual ideals, the first issue of Los Vecinos (Neighbors), a monthly magazine devoted to the up-building of trade between this State and Latin America, has just been put out as the official organ of the Asciacion Internacional de California. It is published in Spanish, and will be distributed in Latin American countries.

The magazine contains a brief note on "Los Angeles and Latin America," by Frank Higgins, secretary of the local Chamber of Commerce. He expresses the opinion that never before have conditions and the outlook been so propitious for better and more intimate relations, commercially, financially and socially, as at the present time.

There is a series of editorials and an article on "The America," by John C. Allen, director of the association. These express a warm spirit of neighborliness and the desire for a better and more fraternal relationship with the southern countries.

The magazine is simply, but attractively got up, and features a picture of Los Angeles business section on the cover.

The Asciacion Internacional was originally known as the Latin American Trade Bureau, and was organized with a view of aiding in the development of trade relations between this country and South America. Mr. Allen was formerly deputy consul at Monterey, Mex.

## REFORM ROUTE SEEMS RUGGED.

An Ex-Preacher, Holley, is Arrested for Fraud.

Cleveland Woman Alleges a Long-range Gouge.

He Says He is Innocent and Within His Rights.

J. B. Holley, attorney, ex-preacher and Good Government leader, was arrested yesterday on a charge of obtaining money under false pretenses.

Same Old Story.

## CHARITY UNION STILL ASUNDER.

CITY DELIVERS ULTIMATUM TO THE SUPERVISORS.

Must Have Better Terms if Municipal Humanitarian Work is Turned Over to County, is Flat Issued.

Personalities Lead to Sharp Rebuke for Norton.

The City Council delivered its ultimatum to the Board of Supervisors yesterday afternoon that the municipal charities will not be turned over to the county unless more favorable conditions are offered and after a few peppery personalities, trudged down the hill again, as far from an agreement as ever.

For two hours the seven Councilmen and five Supervisors discussed the most every question but that of charity. The Supervisors want the privilege of naming the nine proposed members of the Public Welfare Commission, which will act in an advisory capacity in charity work. The Councilmen want to name five of the nine. That is the main hitch in the proposed consolidation of city and county charities.

Supervisor Norton got so excited and red in the face during the fusillade of personalities that he had the seven Councilmen rising to a question of "persons' privilege" most of the time. Priddyham rebuked him for treating "our guests in so ungentlemanly a manner" and declared in a shame that the recalcitrant "watchdog of the treasury" could not debate the question of charity without insulting his guests.

It was the stormiest session yet held and at one time Chairman Priddyham was seriously thinking of sending a "staff call" for a husky deputy sheriff or two.

The matter was finally taken under advisement and will be discussed Saturday morning. The same old story.

The Supervisors yesterday practically agreed to have the cement plant at Monolith for \$50,000. This plant was built by the city at a cost of nearly \$1,000,000. It will be used for rock crushing and other highway purposes.

## ENGLISH STAGE COMEDY.

A comedy, "Trelawney of the Wells," will be presented tomorrow evening by the senior class of Cunnock School. Prominent in the play will be Miss Ethel Phillips, as Tom Wrench; Miss Gladys Smith, as Ferdinand Gadd; Miss Marion Norris, in the name part of Rose Trelawney; Miss Orville Anderson, as Avonia Bunn; Miss Ruth Dowling, as Arthur Gower, and Miss Annie Cooper, as Sir Willoughby Gower.

## Office Hunters.

The Municipal Marathon opened yesterday when an even score of candidates started circulation of petitions for office. Each candidate will have to get at least 500 signatures and not more than 1000.

King fleet of foot and having had the fastest to reach the office of the City Clerk in time to have the honor of getting the maiden petition, City Attorney Stephens came first on the list. He is a candidate to succeed himself.

Chief Sebastian and President Whiffen were there with requests for petition blanks for Mayor.

Lung Yip of the Sing Fat Company, several hundred had been obtained to attach his signature to the Sebastian petition. The Chief has worked himself up from the ranks and has many friends among all the races represented in cosmopolitan Los Angeles. Those who were circulating the Sebastian petition said last night that several hundred had been obtained and that a squad will go out today and finish up this evening and give to the Chief the honor of being the first man in with his petition.

Those who took out application blanks yesterday are not necessarily required to return them. Nothing but comes official to the City Clerk until

## BUSY SMEARING GLUCOSE TRUST.

Federal Action on Alleged Octopus Heard Here.

Treacle Trail Leads Men of Affairs from East.

Local Merchants upon Stand; More of it to Come.

A treacle trail across the continent led emissaries of the United States Department of Justice, attorneys for the Corn Products Refining Company, a former vice-president and present director of the Standard Oil Company, and a score of witnesses into the United States District Court room yesterday for what will probably be a three-day hearing on the alleged octopus methods of the so-called "glucose trust."

This is only an incident in a series of hearings the country over, extending back to May, 1914, the object of which is the dissolution of the Corn Products Refining Company by a civil suit under the Sherman act. The witnesses yesterday included manufacturers and retailers of goods in which glucose enters, as well as wholesale grocers, for the Corn Products Company is also a large dealer in starch. A number of wholesale druggists are expected to testify today.

That the officers directing the affairs of the Standard Oil Company, headed by William Rockefeller, are the controlling factor in the Corn Products Refining Company, that the corporation has a stranglehold on price-fixing in many lines, and has ruthlessly beaten down competitors are only some of the allegations made by the government in its suit, which was filed March 1, 1912, in the District Court for the Southern District of New York. Owen W. Phillips, special examiner for that court, is conducting the hearing.

Alleged manipulation of prices of glucose and starch on the Pacific coast was brought out by witnesses yesterday by Jesse C. Atkins and Van Sinder Lindsay, special assistants to the Attorney-General, as persistent and contrived in a recent examination by P. L. Davis of New York, counsel for the Corn Products Refining Company.

## MAN OF AFFAIRS.

At Mr. Davis's side throughout the hearing sat Edward Thomas Bedford, president of the Corn Products Refining Company, a grey-whiskered man whose name is one to conjure with in the financial world. President and director of the New York Glucose Refining Company, Bedford is also president of the Paris, France, Colonial Oil Company of New Jersey, and Self-Winding Clock Company, as well as of the Corn Products Refining Company. Mr. Bedford is also a former vice-president and present director of the Standard Oil Company, a director of the Thompson-Starrett Company, Manufacturers' Trust Company, Long Island Safe Deposit Company, and of the Buxton Terminal.

That the price of glucose was advanced from \$2.45 to \$2.75 shortly after the organization of the Corn Products Refining Company in 1907 was the testimony of J. Tod Cook, president of Spohn-Cook Company, and former agent of the Glucose Manufacturing Company.

"What happened to it?" was the question persistently asked about some brand of corn syrup that mysteriously disappeared from the market about the time the Corn Products Company brought out "Karo."

That the purchases of starch from the National Starch Company, a subsidiary of the Corn Products Company, jumped from 5 per cent. of the total in 1911 to 45 per cent. in 1912 was the assertion of Victor H. Tuttle, vice-president of R. L. Craig & Co.

"My impression is that the market is now wholly controlled by the National Starch Company," he said.

"Any price competition?" Mr. Tuttle was asked.

"No, not so far as I can see," he replied.

## "FREE DEALS."

It was also brought out that the Pacific Coast Syrup Company had been driven out of the treacle market by the alleged activities of the alleged

Dolores Saldua and her baby. Figures in a pathetic story of trust deceived which came to the attention of the police yesterday.

## STARVATION ENDS HUNT FOR BABY'S FATHER.

TWO years ago Dolores Saldua left her home in Southern France with her sister to come to the United States. In New York the sister died and Dolores continued on her way to Austin, Tex., where John Arambel, a sheep ranchman awaited her coming so that they might be married. For some reason or other, Dolores does not know why, the ceremony was delayed and finally, despite the pleading of the girl, forgotten. Dolores had no other place to go.

## APPARATUS FAILS; SCHOOL IS TOTAL LOSS.

A second alarm was finally turned in, which brought out apparatus and a fresh supply of hose. It was then found the supply of water from the six-inch mains which run under Lake Shore drive was not sufficient to feed more than a small stream of water to five lines of hose.

This so hampered the work of the firemen that it was utterly impossible to reach all sides of the building, with the result that after a half hour of fire fighting the men turned their attention to the saving of the adjoining buildings. The flames swept through the building with such rapidity that within a short time it was a mass of ruins.

When the flames were seen issuing from one corner of the building, Miss Ida Aurbach, one of the teachers, and a number of children were on the playgrounds on the opposite side of the street. With two of the boys, Miss Aurbach rushed into the flaming structure and rescued all the school records, which were kept in the desk of Mrs. C. Getz, the principal.

The loss to the building and contents is estimated by the Board of Education as \$12,900. The cause of the blaze is said to have been defective electric wiring.

## GOES TO COUNCIL GUNNING FOR JOB.

SAYS HE WOULD COME BACK AND SHOOT PROMISCUOUSLY. POLICE TOLD.

"I want a job. I want it from the City Council. If I don't get it I will come into this Council chamber with a gun and let daylight through every man here."

A wild-eyed man delivered himself of this rather ominous statement to Councilman Wheeler at the close of the Council session yesterday.

He didn't say when he would appear with the gun, nor did he say just what Councilman he would pick out for targets.

"That wouldn't help you to get a job," said Mr. Wheeler. "If you shot a few Councilmen it would only make work for an undertaker or two, and wouldn't help you in the long run."

Mr. Wheeler has the man's name and address and has reported the matter to the police.

Sergeant-at-Arms George Daniels, who is always on the job in the Council chamber, will attend the session this morning a little better heeled than in the past.

## AND STILL HE SLEPT.

Thief Takes Gold and Diamond Shield. Also Cash, from Under Pillow of Police Officer.

Troubles never come one at a time for Capt. E. B. Feltz, in charge of the chain gang at the East Side Jail. Monday a bunch of his I.W.W. prisoners tried to escape and were frustrated by the guard. Tuesday three of them were released and before leaving the stockade on the East Side promised that they would get even with the captain.

Whether or not it was one of the escaped prisoners or some one else, Capt. Feltz is not prepared to say, but the fact remains that Tuesday night, while the captain was sleeping at his home, No. 2019 Ellendale avenue, some one entered the house, slipped a gentle hand under his pillow and removed from his vest a glittering gold and diamond shield that had been presented him by admiring friends. In addition to this they took \$50 in cash and some small change, and still the captain slept.

## Services in the Zone of War Rewarded.

Dr. Lloyd Mills (right) and Emil Roedel.

The latter, acting as representative of the German and Austrian governments, yesterday conferred upon Dr. Mills the Austrian Red Cross of the second class for distinguished services. The cross is seen upon Dr. Mills' breast and he is reading the richly-embellished letter of thanks which accompanied it.

Howard of Mercy.

## FIRST AUSTRIAN WAR HONOR TO AMERICAN.

AN AMERICAN of decidedly English extraction, Dr. Lloyd Mills of Los Angeles, is the first man in America to receive official recognition by the Austrian Emperor and government for important services rendered through a philanthropic motive. In the office of the local German consulate, Emil Roedel, representing the foreign power, planned the decoration of the Red Cross of second class for distinguished service to the class of Dr. Mills' coat, and spoke the words of Crown Prince Francis Salvator, acting protector of the Red Cross of Austria.

A graduate of Harvard, Dr. Mills went to Vienna to finish his education in medicine at the university of that city. While there, he broke out and the young American physician volunteered his services. He was sent to the general military hospital and there in three months treated 1100 cases of soldiers wounded in the head. Under the strain his health began to break down and he was forced to leave for Northern Africa and then

came on to Los Angeles, where for some time he has been visiting friends before entering practice. Mr. Roedel, in his brief remarks, thanked Dr. Mills in the name of Austria and presented him also with a beautiful manuscript, attesting the occasion and signed by Crown Prince Francis Salvator himself. Dr. Mills in making his reply spoke most highly of treatment accorded himself and all Americans in Austria during the turbulent period, concluding with praise for the nation. "With the prevailing loyalty, unanimity and courage of the Austrian and German soldiers, it seems impossible that these nations should be vanquished in the present struggle," he said.

Among those who were present on the occasion were Dr. George H. Kress, president of the Los Angeles Chapter of American National Red Cross and dean of the State University of Medicine; Dr. John C. Ferbert, representing the Los Angeles Medical Society, and Dr. W. E. Wadsworth, whom Dr. Mills is to be associated, in addition to a number of close friends and relatives of the man receiving the distinction.

**CHARITY OF GERMAN SOLDIERS.** Divide Their Own Small Dole of Food with a Stricken Family, Weak with Hunger. [The Fatherland:] A soldier of Hamburg wrote the following letter from France to his relatives: "As I was making my rounds I came upon a forsaken farm which was completely shot to pieces, burnt and charred. Smoke was rising from the chimney of a small house, probably the home of a laborer. I cautiously approached the house. Before the door lay the corpse of a man in his shirt sleeves, with a bullet through his breast. His hunting rifle clutched in his hand, his features filled with hatred and distorted with rage. A treacherous franc-tireur who was justly punished.

"I stepped across the threshold and a desolate picture greeted my eye. In a sort of kitchen, between a heap of broken dishes and scattered furniture, there sat a woman, quite young and quite pretty, in spite of the neglected appearance. The untidy hair hung in to her face. She was only partly clothed and had a child at her breast. Three or four little children hid themselves in her skirt when I entered.

"On the stove a little water and hard white beans were boiling in an indescribably dirty pot. When I drew near to the pot the woman, the wife of the wretch outside, cried out aloud because she thought that I had been to take her last bit of food from her. By summoning up my entire French vocabulary I managed to reassure her, and she told me that they had been in this condition for several days and had nothing to eat. Her husband was dead and could no longer help her. She herself was too weak and hampered by the little ones. Consequently flight was out of the question. And where should she go? To the negroes or to the enemy who had killed her most precious possession? Friend and foe had taken the little food which had not been burned. The only thing left were a few white beans.

"I was overcome by a feeling of pity and compassion, comforted her as well as I could, gave her half a loaf of bread and a can of coffee beans which I happened to have with me. She did not know how to thank me, and I prevented her with difficulty from kissing my hand. The little ones I gave a piece of chocolate. When I went away the poor woman was on her knees, praying fervently. I rejoiced, for I thought I had been able to do some good. I reported the incident, and our good lieutenant gave the order that food should be brought to the woman every day."

**Still in Danger.** [Houston Post:] "Your wife is all right again, I understand." "No, the doctor still calls." "But I heard she was out of danger." "No one is out of danger while the doctor calls."

## MASON AND DIXON LINE.

A Resurvey Showed that the Original Boundary was Within Two Acres of Absolutely Correct.

[Dallas News:] One hundred and fifty-one years ago two English surveyors, Charles Mason and Jeremiah Dixon, began the surveying of what is known as the Mason and Dixon line between the States of Pennsylvania and Maryland. This line afterward became famous as the boundary between the North and the South or between the free or slave-holding States. From it came "Dixie," the cognomen for the South, which has been immortalized in song and story.

The line was surveyed at the instance of William Penn and Lord Baltimore. The surveyors were three years in making the survey from the northeast corner to the foot of Savage Mountain. In 1747 the work was finished from the latter point to Virginia, now West Virginia. The line is said to have cost \$300,000, and the surveyors employed an army of 100 axmen, and a road thirty feet wide was cut through the dense forest.

A mixture of sand and lime stones of light brown grayish color were brought over from England to mark the line, and these stones were set up at intervals of one mile, and the line was possible to erect them. They weighed 300 pounds and were four and one-half feet high. On some parts of the line the stones were so rugged that mounds of dirt and rock had to be substituted for these stones.

Today the Mason and Dixon line has been re-surveyed and re-marked and divested of its chief erroneous traditions. In 1849 a revision of the line was made by a joint commission from Pennsylvania, Maryland and Delaware, and it was then found that the original survey was so nearly accurate that the change involved by the correction amounted to less than two acres, which was added to Maryland.

In 1903, Pennsylvania and Maryland each appropriated \$5000 for the restoration of the line. Many of the peculiar English stones had disappeared and the commission made an exhaustive search for them. The identification was an easy task, for on breaking them the stones emitted a sulphurous odor. So thorough was the search that some were found in the curbing of streets and in people's yards. One stone was taken from the wall of an old stone church, where it had done service for many years.

In the places of those that could not be found new stones of marble were set up. On every fifth one of these, the coat of arms of William Penn was cut on the Pennsylvania side and on the Maryland side the escutcheon of Lord Baltimore was placed. On the others the stone monograms P. and M. were cut. The stones are now set so near one another, even in the mountain regions, that the traveler may stand at a stone and see the next one.

**The Unity of Life.** [The Atlantic:] There is nothing, I think, that brings home to one more conclusively the unity of life, and therefore the unity of knowledge of that life, than the attempt to study any particular subject by itself and confine yourself to it alone. You find very soon that you cannot do so. No aspect of life can be separated from the rest and understood even in any

small degree without some knowledge of the rest of life. No part of life stands alone. Every phenomenon of life is the result, not of one or two causes alone, but of the interaction of innumerable causes. To get near the understanding of only one item you must be able to estimate more or less truly all the forces that make life and the objective of life. As with the eddy of a river, to estimate it you must know not merely the eddy, but much also of the river, its volume and its speed, the density of its waters, the configuration of its banks and its general direction. The observation of the eddy only would lead you into the wildest fallacies.

**Hymn Before Action.** The earth is full of anger, The seas are dark with wrath, The Nations in their harness Go up against our path; Ere yet we loose the legions— Ere yet we draw the blade, Jehovah of the Thunder, Lord God of Battles, aid!

High lust and forward bearing, Proud heart, rebellious brow, Deaf ear and soul uncaring, The slink Thy mercy now! The fool that passed Thee by, Our times are known before Thee— Lord, grant us strength to die!

From panic, pride and terror, Revenge that knows no rein, Light haste and lawless error, Protect us yet again, Cloak Thou our undersewing, Make firm the shuddering breath, In silence and unswerving, To taste Thy lesser death!

E'en now their vanguard gathers, E'en now we face the fray— As Thou didst help our fathers, Help Thou our host today! Puffed of signs and wonders, In life, in death made clear— Jehovah of the Thunder, Lord God of Battles, hear! —[Rudyard Kipling.]

## Either Way—Drugs Are Harmful!

If a coffee drinker, have you stopped to think that, with every cup of coffee, you are taking from two to three grains of caffeine, a slow, but powerful, drug!

According to medical authorities, caffeine is a cause of nervousness, heart trouble, indigestion, constipation and other ailments. It's a cumulative drug, and what's more, a habit-forming drug.

Sometime, when the coffee-drug gets in its licks, you'll realize the harm it does, but wouldn't it be better to avoid trouble—stop coffee now and use Postum.

It is a pure food-drink, made from selected wheat and a little wholesome molasses, carefully roasted, ground and skillfully blended. This gives it a taste much like that rich, old Java, but Postum is absolutely free from caffeine, any other harmful ingredient.

Postum comes in two forms:—Postum Cereal—requires boiling—18c and 50c pkgs.

Instant Postum—a soluble form—no boiling required—made instantly in a cup with hot water—80c and 50c tins.

The difference is only in the form. Both kinds are equally wholesome and delicious and the cost per cup is about the same. Be sure to ask for the kind you want.

The only remedy for existing conditions is to turn the nation's affairs, fiscal and otherwise, over to the Republican party, which knows how and will be able to take care of them, for the Democratic party is guided by wild ideals, unbalanced theories, poor business training and the fierce gnawing of office hunger.

When Goethals rears a permanent monument should be erected to his honor, as big as the Colossus of Rhodes, in our capital city of Sacramento. All the world owes him a debt of gratitude, no part of it so specifically as the State of California. For us, indeed, it has meant an era of accelerated progress. How great that debt is, this western progress through the years to come will amply demonstrate.

# Life's Gentler Side—Society, Music, Song and the Dance—The Theatres and

## MOVEMENTS IN SOCIETY.

**A S. CENTER** for smart entertaining the Midway Country Club grows tremendously in favor of the fashionable of not only Los Angeles, but Pasadena and other places. Scarcely has a day passed since the ushering in of Lent that has not recorded some really delightful affair—not always large or formal, but everybody goes. And everybody dances.

Since the Richard Schwegels offered two handsome silver cups, a sudden attractiveness for target shooting has been discerned among the fairer sex, and some astonishing records are made daily.

St. Patrick's Day is to herald a great celebration at the club, with special attractions. The Randolph Huntington, Miners, E. Avery McCarthy, Dr. Barlow, B. L. Brown, and other prominent people have entertained recently. Last night J. S. Coulson of Pasadena entertained a dinner party of seventeen covers, while the McCarthy's had four, N. N. Murray had four and J. R. Lord ten guests.

Those already having made reservations for Saturday night include J. S. Coulson of Pasadena, who will entertain fifty persons, and the fairer sex; Dr. Barlow, fourteen; H. L. Thompson, eight.

**Dinner for Fourteen.**  
Dr. Ralph and Mrs. Hagan gave a charming little dinner for fourteen friends at the San Gabriel Country Club on Sunday evening. It was very informal, with decorations in violets and acacia.

**For Miss Johnson.**  
Miss Katherine Barnwell Johnson, who will become the bride of Lieut. William Robert Munroe on April 8, will be honored at a beautiful dinner, which Mrs. Joy Clark is giving tonight.

**For Popular Visitor.**  
Mrs. C. Q. Stanton and her daughter, Mrs. Forrest Stanton, are to be joint hostesses at a charmingly informal dinner this evening at No. 443 Andrews boulevard, in honor of Mrs. Charles Peyton of Charlottesville, Va., who is their house guest. Covers will be laid for sixteen.

**Series of Luncheons.**  
Mrs. Mabel Prager of Detroit and Mrs. E. G. Rust and Mrs. J. J. Rupp of Saginaw, Mich., are to be jointly honored tonight, when Mrs. B. W. McCausland of Kingsbury drive, assisted by Mrs. R. D. McCausland, will give a handsomely-appointed luncheon of fifty covers. An abundance of spring flowers will adorn the tables. Auction bridge is to furnish a pleasant afternoon diversion. The unbonneted ladies who are attending are Mrs. R. B. Williamson, Mrs. H. K. Williamson, Mrs. James Moore, Mrs. D. C. Barber, Mrs. E. E. McIntyre, Mrs. Sidney Dixon, Mrs. Bartlett Rose and Mrs. Loren Crenshaw.

The trio of charming visitors will be special guests of the rains hostess, tomorrow also at a bridge luncheon, when about fifty additional ladies have

been invited to meet Mrs. Fraser, Mrs. Rust and Mrs. Rupp.

**Entertaining Guests.**  
Mr. and Mrs. Henry S. Cheney of the Irvine, No. 948 South Figueroa street, are entertaining Senator W. B. Seelye and family of Mt. Pleasant, Iowa. The Seelyes arrived early in the week.

**Small Luncheon.**  
Mrs. O. H. Kiefer entertained at a small luncheon of six places on Tuesday as a courtesy to Mrs. David Seidler and Mrs. Fred Sandbrook of San Francisco. Bridesmaid roses and violets were arranged gracefully for the floral decorations. Cards followed.

**At Midweek.**  
The David Blankenhorn's were royal hosts to a jolly dinner served at Midweek last night. It was informal, with dancing.

**Guests of the McCarthy's.**  
Mr. and Mrs. E. Avery McCarthy are entertaining Mrs. J. M. Senn of Haverhill, a few weeks. Mrs. Senn will also visit with her brother's family, the Rufus Spauldings of Pasadena.

**Hay Dinner.**  
Mr. and Mrs. W. H. Hay were hosts at a beautiful dinner of seventeen covers on Tuesday evening at their home, "Haystack," on Sunset boulevard. A large round table held for a center a gorgeous floral ship, done in red carnations and golden jonquills. At table were Rev. Father Tonnello of Glendale parish, Mrs. W. N. Selig and niece of Chicago, Miss Helen Koltair, J. J. Sandusky of Chicago, Mr. and Mrs. Gabriel Chiera of Detroit, Mr. and Mrs. A. W. Kennie of Montana, Mr. and Mrs. Luigi Dell'Orto, Mr. and Mrs. F. Shepard, Mrs. M. C. Norton, W. N. Harnaker and the hosts.

**Distinguished Personage.**  
Miss Nora Archibald Smith, the well-known children's author and collaborator, with her sister, Kate Douglas Wiggin, on a series of educational books, has been a distinguished visitor in Alhambra and Los Angeles the past several weeks, a guest in the home of her brother, Philip H. Bradbury. She has been the recipient of much attention, especially in educational circles.

**Children's Party.**  
Two dainty little maids, Louise Budd Mitchell and Frances Louise Budd, entertained on Saturday afternoon, about sixteen of their friends and playmates, in honor of their birthdays. These buds are cousins, and the event proved just about the happiest of their lives. Mrs. Willis S. Mitchell and her sister, Mrs. H. Budd, mothers of the sweet little hostesses, were on hand to see that everything which would add to the pleasure of their daughters or guests was included in the afternoon's entertainment. Pink hearts and kewpies adorned the table where refreshments were served, and each child received an individual birthday cake. The ice cream was

served in the form of potted blooming plants. The affair was held at the Mitchell home, No. 826 Manhattan place.

**Visiting in Los Angeles.**  
Mr. and Mrs. Jay D. Foster of Omaha are receiving in the city, staying at Hotel Darby. Mr. Foster is just recuperating from nervous prostration. Mrs. Foster was formerly a well-known Los Angeles girl, Miss Leonore Smith, and has many friends here.

**Visiting the Wilsons.**  
Mrs. Charles F. Elker of Chicago is to be the guest of Mrs. Phillip D. Wilson of No. 1243 Fifth avenue during the month. She has visited here for several winters, having passed a part of her time as guest of Col. and Mrs. John Lambert at their winter home in Pasadena.

**Los Angeles Travelers.**  
Dr. and Mrs. James Foster, Mr. and Mrs. A. D. Arnold, Misses Alice Mason and Edith Evans will sail on the Mongolia on the 28th inst., on a three-week cruise to the Hawaiian Islands. Mrs. I. N. Van Vleet went to Arrowhead Hot Springs a few days ago. Mrs. W. O. Strong, Mrs. W. L. Graves, Mrs. F. Van Wormer and Mr. and Mrs. E. G. McCarthy of Los Angeles attended the San Diego exposition during the week.

**Bridge Luncheon.**  
A luncheon, followed by auction, was given by Mrs. William J. Doran of No. 214 Harvard street, and her Beverly Hills Hotel Tuesday afternoon in honor of Mrs. Vera Reynolds Penicost. Mrs. Penicost, who was of Florence, was the guest of Mrs. Reynolds' recent charming young bride, and her husband, a former Chicago man, and nephew of George M. Reynolds, the Chicago banker and financier, and is cashier of the Security Bank of this city. Other guests were Mrs. George M. Reynolds, Mrs. Duncan, George S. Robinson of Chicago, Alfred Rice of Cleveland, Edward Kleinsorge of New York, Seelye O. Mudd, Paul F. Thompson, William T. Mullan, George S. Robinson of Chicago, McCaskey, Harvey S. Mudd, Edward J. Price, William S. Daniel, William T. Miller, James E. Howell and Miss Laura George.

**Among the Visitors.**  
Mr. and Mrs. Thomas H. Butcher and Mrs. Theresa S. Robinson of Batavia, N. Y., and Mr. and Mrs. F. A. Cowbeck of Kalamazoo have arrived in Los Angeles to spend a few months, have taken apartments at the Illusion.

**Mr. Augusta Friedlein** has returned to her home in St. Louis, after a visit to Mrs. J. J. Seyler home. The Misses Genevieve and Katherine Seyler of Ann Arbor are now guests at the home of Mrs. M. J. Edgerton.

**Mrs. Edwin Bilharz** and two children of Audubon, Iowa, are highly pleased to be in the city. They have been in Los Angeles for several weeks, on Sunset and Fairfax boulevards.

**Mr. and Mrs. C. A. Lisle** of Clarinda, Iowa, are enjoying the winter in Los Angeles, and are guests of Mrs. G. E. Russell of Huntington Park. Mrs. Lisle was formerly editor of a well-known newspaper in Iowa.

**Matinee Party.**  
One of the pleasant affairs of the week was a matinee party at the Matinee, yesterday evening, given by the Omega Sorority. Luncheon followed at the Alexandria. Those who attended were Mrs. Barber, Mrs. Robinson, Miss Glenn, Miss Miller, Miss Bennett, Miss Genevieve Dorn, Miss Marguerite Eichenhofer, Miss Marguerite Lyons and Miss Helen Sander.

**Mount Love Party.**  
A happy party invaded Mount Love yesterday as guests of Gen. H. H. Sherman, who took them in a private car to Rubio Canyon and showered hospitality of the famous "M. H." brand upon them. The party was given in honor of Col. Alden J. Blethen, editor of the Seattle Times, one of the nation's distinguished journalists, who is visiting Los Angeles, his daughter, and son-in-law, Mr. and Mrs. Gilbert LeBaron Duffy, and also Miss Stigmar of Wilkesbarre, and Miss Elizabeth Cook of Kansas City, who are visiting Los Angeles friends and receiving many honors. Manager Brown of the Alpha Tavern, made the affair one of eclat, and Hon. Thomas Fitch made a happy after-dinner speech. Gen. Sherman was toasting "One of the Women of our Great Westland." There were twenty-four at the dinner table.

**A Poisonous Tropical Plant.**  
[Popular Mechanics.] Plants that secrete poison when touched, and inflict a wound almost as dangerous as a rattlesnake bite, are one of the features of some tropical jungles.

The most common of these poison plants is the "Zatrophium," known in Panama and other parts of Central America as the "ortiga brava" (the cruel nettle). This plant is easily recognized by its leaves, which are actively stung by the native animals.

Trunks, leaves, flowers had fruit of the plant are covered with stinging hairs, which are in effect long tubes that are very brittle and break at the slightest touch. The poison is produced by a cell which discharges a globet-shaped bulb set into the surrounding tissue. When the hair is touched it breaks and the poison enters the skin, and the poison is discharged directly into the wound, the action being much like that of the poison fang of a snake. The sting of this plant is painful in the extreme, but seldom fatal. Many other tropical plants have such deadly stinging hairs that the poison is sufficient to kill a man, even in small doses.

**Appreciates Her Errand Son.**  
[Philadelphia Telegraph.] At last after many days circumstances seem to have made Uncle Sam partly atone for the past. Ever since 1776 Sam has been John Bull's ungrateful son. Time and time again he has been chided for leaving the home of the Lusitania. John Bull might not have been able to make Liverpool had he not hidden his identity in his aspersive son's clothes.

**Protecting His Wife.**  
[Houston Post.] "When I said I would marry you you promised to let me handle your money. Now you have married you handle it all yourself."

"That's because I love you so."

"That's a queer way to prove your love."

"It's a mighty self-sacrificing way. When I said that promise I was not aware that you would possibly follow in the way of a profession."

**Chautauqua Week Opens March 13.**  
At Trinity Auditorium, includes Helen Keller and her teacher, Mrs. Mary, on March 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, April 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, MEASURED TALK  
THE NEW RULE.BUSINESS. PHONE RATES WILL  
BE BASED ON METERS.

Board of Public Utilities Notice  
Two Companies of Impending Action  
in Making Rates—Sanitary  
Sewer to be Paid for on Frontage  
Water Consumption.

In fixing telephone rates for the  
coming year, the Board of Public  
Utilities yesterday served notice to  
the two telephone companies that  
rates for business telephones will be  
based upon measured service.

A resolution was passed by the  
board and copies were sent at once  
to the Home Telephone Company and  
the Pacific Telephone and Telegraph  
Company.

The action of the board was taken,  
said President Lane, when it was  
learned that the State Railroad Com-  
mission had ordered the matter of  
fixing telephone rates.

A letter of inquiry was sent to the State  
commission asking what its policy  
would be and the reply which came  
yesterday indicated that the Public  
Utilities Commission that it had full  
jurisdiction and could do quite as it  
pleased in the matter.

The resolution of the board is as  
follows:

Resolved, that the Board of Public  
Utilities of the City of Los Angeles  
favor measured service for business  
telephones for the Los Angeles  
exchanges of the Pacific Telephone and  
Telegraph Company and the  
Home Telephone Company during the  
coming fiscal year and that both com-  
panies be so notified.

The Board of Public Utilities has  
informed the State Railroad Com-  
mission that it did not want to proceed  
with the fixing of telephone rates if  
there was to be a change in the  
method of rate fixing by the State  
body.

The State Railroad Commission is  
not in a position to direct any other  
rate-fixing body in the matter, as  
it has no information concerning  
measured service upon which to justify  
such action.

The City Council yesterday formally  
adopted a resolution calling for the  
submission of the question to the people  
at the election on June 1 of  
whether or not they want the Council  
to refuse to authorize more than  
one telephone system to do business  
in Los Angeles and after Novem-  
ber 10, 1914, the date of expiration  
of the Sunset company's franchise.

**INNOVATION.**  
**PAY FOR WATER POURED IN.**

An assessment for the new map-  
leaves sanitary sewer, based upon the  
amount of water used by abutting  
property owners, is an innovation in  
making assessments for improvements  
which the City Council virtually con-  
firmed, with slight readjustments, at  
a recent hearing yesterday.

Pending the readjustments, the  
Council postponed final action upon  
confirmation one week. It is expected  
that the action will be taken next  
Wednesday, making assessments of  
\$11,954 against abutting property  
from Seventh to Washington on  
Maple.

Several property owners protested  
yesterday at the unfairness of the as-  
sessment, and the City Council, in  
slight concessions were made, but in  
the main the assessment arranged by  
the assessment bureau was adopted.

Assessment Clerk James H. Houghton  
advised the Council that the basis for  
the novel assessment is the usage to  
which the sanitary sewer will be put  
by those connecting with it.

The basis of calculation was 10,000 inches  
of water consumption.

Deputy City Attorney Houghton ad-  
vised the Council to make readjust-  
ments in the assessment before final  
action was taken in order to obviate  
legal difficulties later. Councilman  
Conwell asked for the opinion of the  
City Attorney as to the legality of the  
assessment procedure, and this will  
be forthcoming.

**WHY IT IS THIS?**  
**WATER BOARD TO BE QUIZZED.**

The Public Service Committee of  
the Council yesterday called upon the  
Public Service Commission to explain  
why the city has not acquired the  
Greater Los Angeles Water Company  
and the Windsor Water Company.

The action was taken when Attorney  
H. S. McCallum appeared before the  
committee yesterday and announced  
that both of these companies, which  
operate in the southern part of the  
city, are willing and have been will-  
ing for more than a year to dispose  
of their properties to the city.

He said that they had submitted propo-  
sitions to the Public Service Com-  
mission, but that nothing was done.

The Greater Los Angeles Company has  
440 service connections and the  
Windsor Company has 750.

Mr. McCallum stated that the people  
south of Slauson avenue are com-  
plaining that they are not getting  
enough water from these companies.  
He said that without spending a dol-  
lar the city can acquire these two sys-  
tems.

While he was about it, Mr. McCallum  
charged that the Water Board is  
diverting \$2,000,000 from purposes for  
which the money should have been  
used, under charter provisions. Council-  
man Betkowski admitted that some  
funds are being used to construct  
tunnels from plant No. 1 to plant No.  
2, but contended that this money is  
being used to develop the water system.

At the next meeting of the Board  
of Park Commissioners action will be  
taken on the report of the committee  
headed by the board from Ex-  
position Park to the old Normal  
School building.

The Board of Public Utilities yester-  
day adopted a rule that only a  
portion of information furnished by  
public utilities will be open to public  
inspection. The rule is a safeguard  
modeled after the provisions of the State  
Public Utilities Act, to protect one  
utility from a competitor by the other  
whom may file information with the board.

The City Council yesterday adopted  
an ordinance for the improvement of  
Oakwood avenue from Virgil to  
Juanita avenues.

The Council yesterday granted a  
permit to the Electric to construct  
a double spur track on Central  
avenue to serve the new Wells Fargo  
building at the north end of the new  
Southern Pacific Station.

The City Engineer was instructed  
yesterday to make a map of an as-

to Western avenue.

PATENT OFFICE  
FIRM ON REEF.TEN THOUSAND PROFITS HELD  
OUT, IS CHARGE.

Former Partner Accused of Inac-  
curacy in Keeping Accounts, of  
Concealing the Books and Locking  
the Door—Fraud Alleged and Re-  
ceiver Is Wanted.

The patent office business conducted  
by Henry T. Hazard and Edmund A.  
Strauss has become the subject of  
litigation. Yesterday Mr. Hazard filed  
suit against Mr. Strauss, asking for  
an accounting and the appointment of  
a receiver.

The partnership was organized  
January 1, 1907. Offices were at No.  
639 Citizens National Bank building.  
Later the partnership agreement was  
modified. It was agreed, according to  
the complaint, that Mr. Hazard should  
be relieved from labor incident to the  
office record of the business, Mr. Strauss  
was to receive \$19.00 a month, and  
the profits of the business, after de-  
ducting the \$100 and expenses, to be  
equally divided between the partners.

There was a further modification in  
1910. Instead of \$19.00 a month, Mr.  
Strauss was to take one-third of the  
profits, the balance remaining to be  
divided. Now Mr. Hazard alleges that  
Mr. Strauss failed to record a true state-  
ment of the receipts and disburse-  
ments of the concern, inaccuracies  
are charged. It is alleged that the  
partnership earnings during the year  
ended December 31, 1914, exclusive  
of expenses, a net sum approximating  
\$12,000, which Mr. Hazard says Mr.  
Strauss received and that no part  
was paid to himself except \$246.27.

He alleges there is now due him  
\$10,000.

Mr. Hazard complains that Mr.  
Strauss will not allow him to inspect  
the books. January 4, last, he says,  
the books were locked and he was  
told they had been stolen. Later it  
was stated they had not been stolen.  
Mr. Hazard says that he relinquished  
his partnership and individual rights,  
he could have a copy of the books.  
It is also charged that the lock on  
the office entrance door was changed  
and that Mr. Hazard was refused access.

Numerous patent applications are  
now pending in Washington, estimated  
at number 200, upon which \$1000 are  
due on the applications. It is charged  
that Mr. Strauss, "with intent to de-  
fraud plaintiff and to unlawfully ap-  
propriate the money to his own use,"  
refuses to give plaintiff the profits on  
the applications. The partnership was  
dissolved last August. Mr. Hazard  
is represented by Attorney Oscar Law-  
ler.

**NEW LEGAL POINT.**  
**HINGES ON WOMAN'S AGE.**

An interesting and delicate question  
has come before Judge Reeve, a ques-  
tion which does not appear to have  
been cited in the decisions of the  
court in this State. The question grew  
out of the suit of Mrs. Annie K.  
Fletcher against the Los Angeles Trust  
and Savings Bank, trustee of the \$240,  
000 estate of Mrs. Fletcher's father, to  
terminate the trust provision of his  
will.

The will bequeaths one-fourth of  
the estate, or \$60,000, to the children  
of Mrs. Fletcher, the money to be in-  
vested in real estate and the income  
to be paid to the children of Mrs.  
Fletcher upon her death. Mrs. Fletcher  
is to receive the income from the  
fund.

Mrs. Fletcher is a widow, 55 years  
old, and had two children. One died  
in 1903. The surviving child is Kim-  
ball Fletcher, namesake of his grand-  
father, who was a prominent resi-  
dent of Michigan.

In her complaint, Mrs. Fletcher sets  
up that she passed the period of  
child-bearing. The demurrer to the  
complaint attacks it on the ground  
that it does not state a cause of action,  
and points to the fact that under the  
law there is no period of a woman  
in which she is not susceptible to  
child-bearing.

The demurrer was submitted on  
briefs, and the question the court will  
determine is, whether Mrs. Fletcher  
and her son can terminate the trust  
under the allegations of the complaint,  
or is the possibility of her having is-  
sue such a contingency as would pre-  
vent the termination of the trust until  
her death.

**WANTS PROPERTY BACK.**  
**STOCK MISREPRESENTED?**

All is not gold that glitters, and  
sometimes gilt-edged stock may be  
tarnished. Something like this may  
have floated through the mind of  
Lewis Beck when he filed suit against  
R. G. Munn and Murray Harris for  
the return of property conveyed to  
him as a defendant in stock in the Pacific  
Motor Car Company. Three lots  
are included, located on Jefferson  
street.

Mr. Beck says he was told by the  
defendants that all the stock had been  
issued to Mr. Munn in consideration  
of purported transfers. It was further  
alleged that all the stock of the  
company had been subscribed by  
Messrs. Munn and Harris and Pas-  
adena millionaires.

Mr. Beck complains that he was in-  
formed the business would be a suc-  
cess and that the stock was guaran-  
teed to pay 25 per cent. the first year  
and by March, 1914, it would be  
worth \$5 a share. Mr. Beck conveyed  
his property for 15,000 shares of the  
corporation in October, 1913. He  
states all the representations are false.

The only stock subscribed, he says,  
was 2000 shares, bought by J. J. Mc-  
Donald for 50 cents a share, and he  
asserts this money was used to or-  
ganize the company.

**CHECK RAISED.**  
**BY HER SON-IN-LAW.**

Mrs. E. C. Gillett, in the mere  
yellow leaf, learned that some men,  
particularly the husband of her dead  
daughter, had not been true to her  
memory. She came into Judge Wood's court  
yesterday and told the story of a check  
which had been raised from \$60 to  
\$1000. She said her son-in-law, John  
F. Klous, to recover \$1000, and ob-  
tained judgment by default.

Mrs. Gillett had an account with the  
German-American Savings Bank. It  
was her habit to sign her name to  
checks and ask various relatives to  
take the money to the bank and fill in  
various small sums she needed. She  
testified that July 30, 1912, she asked  
Mr. Klous to draw out \$60. He took  
the blank check and returned with  
\$60.

A year later, when a relative looked  
over her bank book, she discovered  
that \$1000 had been withdrawn from  
the bank of which she had no knowl-  
edge. Mr. Klous, it was found, had  
filled in the check. He was taken to
